LB 805 basically allows various suppliers of electric power and energy, including public power districts, individual municipalities, cooperatives and others, to enter into written agreements among themselves which prohibit, limit or set conditions upon the rights of the parties to the agreement to sell power and energy at wholesale to other entities or which require parties to the agreement to purchase power and energy from other entities. Section 1 of LB 805 specifically provides that it is the public policy of this state to provide its citizens with adequate electric service at as low an overall cost as possible, and that in furtherance of such policy, it is necessary to avoid and eliminate conflict and competition among suppliers of electric power and energy and to avoid duplication of facilities and resources which result from such conflict and competition. Section 3 of LB 805 provides that before any such agreement among entities providing power or energy shall become effective, it shall be submitted to and approved by the Nebraska Power Review Board. In connection with such approval, the Power Review Board shall determine whether the agreement in question is in furtherance of the public policy of this state as set forth in Section 1 of the bill. The Power Review Board may also make such investigation as it determines necessary, give notice to parties affected by the agreement in question, and hold a hearing if it determines one to be desirable. Section 5 of LB 805 provides that parties entering into agreements as authorized by the bill shall receive a full exemption and immunity from state and federal antitrust laws.

Section 4 of LB 805, as it was originally introduced, provides that in the event of a disagreement among the parties to an agreement authorized by the bill, a party to the agreement may file a written complaint with the Nebraska Power Review Board requesting that board to hear the complaint and issue an order for settlement of the disagreement. Section 4 of LB 805 also originally required the Power Review Board to hear the complaint and issue an order for disposition of the dispute. The committee amendments to Section 4 of LB 805 continue to allow the Nebraska Power Review Board to hold a hearing concerning any matter in disagreement among the parties to a power and energy agreement. However, under the committee amendments, the recommendations of the Nebraska Power Review Board for ultimate disposition of the matter in disagreement are advisory only. The question considered in this opinion is whether this change in the role of the Power Review Board in regard to disagreements involving parties to an energy agreement makes the antitrust exemption contained in LB 805 ineffective or invalid.

Our state antitrust laws are primarily contained in the provisions of the Junkin Act, Neb.Rev.Stat. §59-801 et seq. (Reissue 1978) and the Nebraska Consumer Protection Act, Neb.Rev.Stat. §59-1601 et seq. (Reissue 1978). Since these various state antitrust provisions are statutory creations of the Legislature, we would assume that the Legislature can act to exempt certain transactions from coverage by the statutes. Indeed the Nebraska Consumer Protection Act already contains a specific statutory exemption for certain types of transactions. See, Neb.Rev.Stat. §59-1617 (Reissue 1978). Accordingly, it would seem to us that the exemption provisions contained in LB 805 would provide an exemption from the state antitrust laws regardless of the power or authority given to the Nebraska Power Review Board. Immunity from the federal antitrust laws, however, requires further analysis.

The type of agreement envisioned by LB 805 would appear most likely to contravene the provisions of the Sherman Antitrust Act, 15 U.S.C. §1 et seq. Among other things, the Sherman Act prohibits contracts or conspiracies in restraint of trade, and monopolies or attempts to monopolize trade or commerce. There is some federal case law which indicates that a state may not give immunity to those who violate the terms of the Sherman Act by simply authorizing them to violate it or by declaring that their action is lawful. Schwegmann Brothers v. Calvert Distillers Corporation, 341 U.S. 384 (1951); California Liquor Dealers v. Midcal Aluminum, 445 U.S. 97 (1980). However, there is a series of cases beginning with Parker v. Brown, 317

U.S. 341 (1943), which establishes the so-called "state action immunity" in those instances where a certain activity is compelled by the direction of the state acting as a sovereign. The most recent case in this series of opinions which has application to the present question is *California Liquor Dealers v. Midcal Aluminum, supra*. In that case, the United State Supreme Court considered the legality of a wholesale wine pricing system which allowed wine producers in California to set wholesale prices of wine for separate regions within the state. The privately set prices were enforced by the California Department of Alcoholic Beverage Control. In *Midcal*, the Supreme Court indicated that there were two requirements for antitrust immunity under the *Parker* doctrine. First of all the challenged restraint must be "one clearly articulated and affirmatively expressed as state policy." *Id*. at 105. Second, the restraint must be "actively supervised" by the state itself. *Id*. at 105. In *Midcal*, the wholesale pricing system was held to be illegal because the State of California did not actively involve itself in supervision of the pricing decisions.

It appears to us that LB 805 with the committee amendments included meets the test for state action immunity as set forth in the *Midcal* case. Section 1 of LB 805 clearly sets forth an affirmative state policy to replace competition among suppliers of electric power and energy with some form of agreed allocation of territories and customers. This section would satisfy the first part of the *Midcal* test. Section 3 of LB 805 provides that no agreement among suppliers of electric power and energy shall become effective until that agreement is submitted to and approved by the Nebraska Power Review Board. That section further requires that the Nebraska Power Review Board shall determine whether the agreement in question is in furtherance of the public policy set forth in Section 1 of the bill. These provisions would appear to satisfy the second part of the *Midcal* test which requires that the policy to replace competition be actively supervised by the state. With these provisions intact, the committee amendments which make the role of the Power Review Board advisory only in connection with disagreements under energy and power agreements would appear to have little bearing on the question of antitrust immunity. Consequently, it is our view that the committee amendments to LB 805 will not render ineffective or invalid either the state or the federal antitrust exemption provided for in that bill.

Sincerely yours,
PAUL L. DOUGLAS

(2) Contact lens dispensing shall mean the verification, delivery, and replacement, based on a prescription, of contact lenses and the giving of instructions relating to the use, cleaning, and polishing of contact lenses;

(3) Department shall mean the Department of Health;

(4) Direct supervision shall mean the supervision of an apprentice by an individual licensed under the Ophthalmic Dispensing Act including, but not limited to, personal inspection and evaluation of the apprentice’s work, consultation with, and instruction of the apprentice. The supervising ophthalmic dispenser shall be present, in the ordinary course of business, on the premises where the direct supervision is carried out, except that his or her absence shall be permitted if it is temporary;

(5) Ophthalmic dispensing shall mean any of the following: (a) Contact lens dispensing; (b) spectacle lens dispensing; and (c) the design, verification, and delivery of other specially fabricated optical devices;

(6) Prescription for contact lenses shall mean a written direction from a licensed physician or optometrist for contact lenses which contains, but is not limited to, the following information: (a) Lens power; (b) lens diameter; (c) lens base curve; (d) lens material; (e) maximum daily wearing time; (f) a statement that the ophthalmic dispenser must refer the lens wearer back to the prescribing physician or optometrist for final approval of the contact lens fit; and (g) the expiration date of the prescription;

(7) Prescription for spectacle lenses shall mean a written direction from a licensed physician or optometrist for spectacle lenses and shall contain the refractive power and, when necessary, the vertex distance, cylinder axis, and prism; and

(8) Spectacle lens dispensing shall mean the design, verification, and delivery to the intended wearer, of spectacle lenses, frames, and other specially fabricated optical devices based upon a prescription. It shall include only prescription interpretation, the taking of measurements to determine the size, shape, and specifications of spectacle lenses, frames, or lens forms best suited to the wearer’s needs, the preparation and delivery of work orders to laboratory technicians engaged in grinding lenses and fabricating eyewear, the verification of the quality of finished ophthalmic products, the adjustment of spectacle lenses or frames to the intended wearer’s face or eyes, and the adjustment, replacement, repair, and reproduction of previously prepared spectacle lenses and frames.

Sec. 11. Contact lenses may be dispensed under the Ophthalmic Dispensing Act only after the contact lens dispenser has been supplied with a valid contact lens prescription written for the person purchasing the contact lenses. Such prescription shall be kept on file by the ophthalmic dispenser as part of the lens wearer's permanent record. It shall be unlawful to dispense contact lenses under the act based on a prescription for spectacle lenses and it shall be unlawful to dispense contact lenses not in conformity with the written contact lens prescription. Duplicate contact lenses may be dispensed until the expiration date of the contact lens prescription. Original or duplicate contact lenses may be dispensed based on an expired contact lens prescription only if the ophthalmic dispenser obtains a written extension of the expiration date from the prescribing physician or optometrist. Such written extension shall contain a new expiration date and shall be kept on file by the ophthalmic dispenser with the lens wearer's permanent record.

(2) Whenever contact lenses are dispensed under the provisions of the Ophthalmic Dispensing Act, the ophthalmic dispenser shall attempt to secure final written approval of the fit of the lenses from the prescribing licensed physician or optometrist. The board shall prescribe the forms to be used in securing notice of such approval. The document bearing written final approval under this section shall become a part of the lens wearer's permanent record which shall be kept on file by the ophthalmic dispenser.

(3) If the opthalmic dispenser fails to receive written final approval under this section within sixty days from the date the lenses were dispensed, he or she shall notify the department.

(4) Failure to attempt to secure written final approval and failure to report failure to receive final approval under subsection (2) of this section shall be grounds for suspension or revocation of an individual's license to dispense contact lenses. Repeated failure to receive final approval shall be grounds for suspension or revocation of an individual's license to dispense contact lenses. In making such a decision on license

suspension, the department shall take into consideration evidence of any lack of cooperation on the part of the licensed physicians and optometrists from whom the ophthalmic dispenser has solicited written final approval.

(5) When contact lenses are dispensed under the Ophthalmic Dispensing Act, followup care, including, but not limited to, routine examinations and the diagnosis and treatment of any problems resulting from the wearing of the lenses, shall be provided by a licensed physician or optometrist, except that persons licensed to dispense contact lenses under the act may provide lens cleaning and polishing services.

(6) Any document required to be kept on file by the ophthalmic dispenser under the act shall be retained for a period of at least ten years following the date on which lenses described in the document were delivered to the wearer.

LEGISLATIVE BILL 904. Placed on General File as amended.
Standing Committee amendments to LB 904:
AM2068

1. Strike original sections 1 to 3 and insert new sections as follows:

"Section 1. The Legislature hereby finds that (1) products and services provided to recipients of medical assistance benefits should be obtained at the most favorable prices to the State of Nebraska while ensuring quality of the product or services to the recipient and (2) express authority should be provided for contractual agreements between health care vendors to promote the goal of medical cost containment.

Sec. 2. Under the authority provided in section 68-1021, the Director of Social Services may enter into contracts on a bid or negotiated basis with vendors to provide goods and services on behalf of recipients of medical assistance as set forth in section 68-1019. Such contracts may provide for the method of payment, including, but not limited to, a negotiated reimbursement rate, fee-for-service, capitation, retainer, prepaid, or other basis. Such contracts may also be entered into with health maintenance organizations established under section 44-3270.

Sec. 3. (1) The terms and conditions of any contract offered by the Department of Social Services under section 2 of this act shall not discriminate against or among vendors. Differences in prices among vendors based on factors, including, but not limited to, market conditions, patient mix and method of payment, and price differences among vendors in different geographical areas shall not be deemed discrimination.

(2) The department may limit the offering of a contract to a specific geographic area. When the department contracts for a specific type of service covered under section 68-1019, in a specific geographic area, reimbursement for such service may be limited to those vendors contracting with the department. When reimbursement is limited to contracting vendors, nothing in this act shall be construed to require noncontracting vendors to provide services for medical assistance recipients.

(3) Nothing in this act shall be construed to limit the services reimbursed under section 68-1019.

Sec. 4. In order to encourage vendors to enter into contracts under this act, all contracts and bid specifications shall, at a minimum, include: (1) A provision stating that the Department of Social Services shall pay or deny all claims for services within sixty days of receipt by the department and all claims for emergency services within ninety days of receipt; (2) a description of the medical assistance recipient category or categories to be covered under the contract and a procedure that will permit prompt identification of individual medical assistance recipients covered under the contract; (3) a provision stating that the department shall be responsible for payment for services rendered to recipients after they have been determined, by the contracting vendor, to be eligible for discharge from a health care facility, but whose discharge is delayed due to the unavailability of alternative care;

(4) a statement of the types of services to be provided under the contract, which statement, when contained in bid specifications, may provide that separate contracts may be let for distinct levels or types of care; and (5) a statement that the contracting vendor shall not be held responsible for payment for emergency care outside the terms of the contract he, she, or it has entered into under this act when such emergency care is provided to recipients of medical assistance by a noncontracting vendor.

Sec. 5. Two or more vendors of health care services may enter into agreements to contract as a unit, with the Director of Social Services, for the delivery of health services under this act. Such agreements may allow for joint administration, joint risk sharing, coordinated provision of health services, coordinated utilization review, referral relationships between vendors in the unit, and other approaches which will promote the goal of cost-effective delivery of health care services. To be certified as a unit eligible to negotiate contracts for health services, such unit shall file an application with the Director of Social Services, on a form prescribed by the Department of Social Services. Included in such application shall be a designation of the person or persons entitled to negotiate on behalf of the members of the unit and the extent to which such negotiations shall bind such members.

Sec. 6. Within thirty days from the date of receipt of an application filed pursuant to section 5 of this act and accompanied by such additional information as reasonably required by the Department of Social Services, the Director of Social Services shall, by written notification, either certify the unit or deny such certification. Any denial of certification shall (1) specify the reasons for the denial, (2) state that the unit is granted fifteen days to remedy any deficiency in its application identified in the statement of denial, and (3) state that a hearing pursuant to sections 84-913 to 84-916 will be granted within thirty days if requested by the unit. An appeal from the decision of the director may be taken pursuant to sections 84-917 and 84-918. The Department of Social Services may establish fees for filing an application pursuant to this section. Such fees shall cover the costs of processing such applications, but shall not exceed one hundred dollars.

Sec. 7. Actions taken pursuant to this act shall not be subject to sections 59-801 to 59-829 and 59-1601 to 59-1623. It is the intention of the Legislature that vendors and contracts complying with this act shall be exempted from the application of federal antitrust laws. Nothing contained in this act shall prohibit contracts between individual vendors and the Department of Social Services.

Sec. 8. The Department of Social Services may adopt, promulgate, amend, and repeal rules and regulations regarding the powers conferred by this act, subject to Chapter 84, article 9.

Sec. 9. This act shall terminate on July 1, 1987, unless reenacted or reestablished by the Legislature.".

UNANIMOUS CONSENT - Print in Journal

Mr. L. Johnson asked unanimous consent to print the following in the Journal. No objections. So ordered.

This day of February 22, 1984, marks the fiftieth anniversary of the beginning of the successful grassroots campaign to create the Nebraska Unicameral Legislature.

The idea for the unicameral legislative system did not originate in Nebraska but Nebraska continues to be the only one of the 50 states to use the single-chamber method of government.

Before the successful campaign in 1934, several attempts to establish a one-house governing body had ended in failure. In 1913, John C. Norton of Osceola, sponsored a resolution to create the unicameral system. This attempt failed but Norton again pushed for this goal in 1917 when he presented a resolution for the constitutional convention to revise Nebraska's supreme law and provide for the one house method of government. The convention of 1919-1920, however, failed to bring about an agreeable proposal to do this.

Again in 1925 and 1933 Senator J.D. Lee of Boyd county and Senator John G. Boelts of Merrick county, made similar proposals which failed. It was obvious that the legislature would be reluctant to do away with a part of itself.

United States Senator George Norris picked up the campaign for a unicameral legislature in 1934. He asked Colonel John G. Maher, a retired World War I army officer and a Lincoln insurance company executive to organize a kickoff for launching the unicameral campaign. This public conference was convened in the auditorium of Lincoln's Cornhusker Hotel on George Washington's Birthday, February 22, 1934, with the featured speaker for the evening's banquet, Senator Norris. The campaign meeting brought together approximately 800 participants from all over the state of Nebraska.

This conference set into motion an extensive campaign to get signatures on a petition to bring the unicameral idea before the voters. Serving as president of the campaign was Lincoln newspaper publisher George Kline. Other Nebraska personalities involved with the campaign included Colonel Maher as Vice President and Donald Gallagher, a Lincoln lawyer who served as the committee's secretary-treasurer.

It is interesting to note that newspaper editorial positions at that time were generally against the unicameral amendment. The only significant papers supporting the amendment were James Lawrence and the Lincoln Star along with the Hastings Tribune. The Omaha World Herald strongly disapproved of the proposal.

The campaign to put the issue before the voters was successful with over 65,000 signatures gathered from over the state of Nebraska. Voters of Nebraska, in the general election of 1934, decided 286,086 for and 193,152 against, to establish the single-chambered legislature. It is most interesting to note that the proposal passed in all but 9 of the 93 counties along with and some say because of, the repeal of prohibition and the authorization of pari-mutuel betting.

This innovation in state government seemed strange to observers. Here was conservative Nebraska, in the midst of acute agricultural distress, an economic depression and a severe drought, approving a drastic change in their government.

The bicameral legislature of 1935 was the last of its kind in Nebraska and one of its last tasks was the development of rules for the operation of the new unicameral legislature.

The scholarly help of Professor John P. Senning of the University of Nebraska's Political Science Department was enlisted and his final plan provided for 43 senators to be elected by district.

In November 1936, members of the first unicameral were elected and came to Lincoln in January 1937 at a salary of $872 per year. The new legislators established their administrative organization including a full time clerk. Senator Charles Warner, father of our Senator Jerome Warner, was elected first speaker of the Legislature. Hugo Srb of Dodge was appointed clerk and served in that capacity until 1969.

I feel even more than my current involvement in this great experiment and participation in Unicameralism because it was my very special privilege and thrill as a North Bend High School senior, to attend the opening day of the new unicameral legislature on January 5, 1937. Occupying desk number 59 on that memorable day gave me a ringside seat for an important event in Nebraska history. Perhaps the only other person in the chamber today with similar participation and memories is my respected and distinguished colleague, Senator Jerome Warner.

Senator George Norris said in his campaign for Nebraska's new system of government that he felt that the bicameral system, was an historical accident and the reasons for its original creation had become dogmatic. Long ago even Benjamin Franklin compared a two-chambered legislature to a wagon with a horse hitched at each end and the two pulling in opposite directions.

Norris argued for the unicameral by saying that he always perceived friction between two houses of a bicameral legislature, evidenced by the ill famed conference committee, corruption of officials, inefficiency and an increasing cost of financing government. Opponents feared that the concept for an unicameral legislature might permit special interests to exert too much control. Today, with over 300 registered lobbyists representing over 500 principals, there may have been substance for this fear.

Norris, however, felt that by creating the unicameral, a definite fixing of legislative responsibility would be possible. Norris said in a campaign speech: "The state of Nebraska and its officials may be likened to a great corporation. The Governor is the President of the corporation; the legislature is the board of directors; and the people are the stockholders. The stockholders have a right to know what their board of directors does and how it is done."

The continuation of the great government of this state will only be a reality with the persistence of this body to make it work. Senator Norris remarked in the campaign, "A major change in the machinery of government requires courage but the task of making the new system work successfully demands even greater courage as well as foresight and patriotism. In the final analysis the success of the unicameral legislature will depend upon the character and competence of the men and women who are chosen to operate it."

Mr. President, Colleagues, through adoption of this resolution we call upon all Nebraska citizens to join in observance of the golden anniversary of the creation of the Unicameral Legislature. With the valuable support and cooperation of our schools, the media, patriotic groups, service organiztions and government at all levels, we can insure renewed respect and understanding of Nebraska's unique contribution to the art of state government.

I am indebted to the Nebraska State Historical Society, Dr. Adam Breckenridge of UNL, Allen Beerman, my staff and others for assitance in this presentation.

WHEREAS, Congress approved the National Cemeteries Act of 1973, (Public Law 93-43) on June 18, 1973; and

WHEREAS, President Nixon affixed his signature to this legislation establishing within the Veterans' Administration a national cemetery system which would consist of national cemeteries transferred to the Veterans' Administration from the Department of the Army, cemeteries presently under the jurisdiction of the Veterans' Administration, and such other military cometeries as directed by the President as well as other cemeteries, memorials, or monuments which may be later acquired or developed; and

WHEREAS, the National Cemeteries Act of 1973 directed the Administrator of Veterans' Affairs to conduct a comprehensive study and submit his recommendations to the Congress as to what our national cemetery system and national burial policy should be; and

WHEREAS, the Veterans' Administration study of the National Cemetery System, conducted pursuant to provisions of Public Law 93-43 was released January 22, 1974; and

WHEREAS, this study has revealed three alternative program considerations for future veteran burial benefits; and

WHEREAS, alternative number three of this study would expand the present system by providing a regional cemetery in each of the ten standard federal regions, establish federally assisted state cemeteries, or do both; and

WHEREAS, alternative number three meets the basic principles discussed in connection with establishing criteria for a sound veterans' burial system; and

WHEREAS, Federal Region VII is composed of the states of Nebraska, Kansas, Iowa, and Missouri; and

WHEREAS, Jefferson Barracks National Cemetery was expanded and designated as the Region VII cemetery; and

WHEREAS, this expansion and designation may have fulfilled alternative three of the recommendations to Congress for expansion of the national cemetery system, but did not alleviate the need for a national burial ground strategically located to best serve the veteran population of Region VII; and

WHEREAS, the County Service Officers Association of Nebraska, through their Legislative Chairperson, has been instrumental as early as 1968 in suggesting that a portion of the old Mead, Nebraska, Ordnance Plant area located approximately equidistant from Lincoln and Omaha, Nebraska, presently owned by the United States government, be devoted to the establishment of a new regional national cemetery providing burial space reasonably close to their homes for veterans of eastern Nebraska, western Iowa, northwestern Missouri, northeastern Kansas, and eastern South Dakota; and

WHEREAS, the veterans organizations of Nebraska, including the American Legion, Veterans of Foreign Wars, WWI Barracks, Disabled American Veterans, and Paraplegic Veterans, recognize the need for a centrally located national cemetery near the more densely populated area of these five states; and

WHEREAS, the demand for burials in national cemeteries of veterans of WWI, WWII, and the Korean and Vietnam era will be ever increasing due to their advancing age and reduction in monetary burial payments by the Veterans' Administration; and

WHEREAS, the proposed use of land suitable for burial purposes in the old Mead Ordnance Plant area, Mead, Nebraska, would be a centralized location with adequate hard-surface roads for accessibility.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Legislature recommends to the Administrator of the Veterans' Administration, Harry N. Walters, the serious consideration of the Mead, Nebraska, site for a new regional cemetery.

LEGISLATIVE BILL 942. Placed on General File.
LEGISLATIVE BILL 1098. Placed on General File.

LEGISLATIVE BILL 930. Placed on General File as amended.
Standing Committee amendment to LB 930:
AM2051

1. Strike the original sections and insert the following new sections:

"Section 1. (1) The county superintendent of each county in which a Class VI school is not maintained shall, within thirty days after the annual meeting, certify to the county board of supervisors or commissioners the number of qualified pupils whose parents or guardians have applied to the county superintendent for nonresident high school tuition privileges or special education requirements and a list of school districts and servicing agencies for handicapped pupils which have been approved by the State Board of Education as schools or service agencies qualified to grant nonresident public high school education or special education programs to nonresident pupils under the provisions of sections 79-494 to 79-4,106 for nonhandicapped pupils and under the provisions of sections 43-606 and 43-646, for handicapped high school age pupils.

(2) The high school tuition rate for nonresident pupils shall be determined annually by the receiving district on a uniform taxation basis for the support of the high school program of the receiving district. (a) The calculation shall take from the most current annual term finance report of the receiving district on file with the State Department of Education the total current expense listed on line 294 under the secondary column and, when necessary, adjustments shall be made to reflect such expense for grades nine through twelve only, plus ten per cent depreciation listed on line 470 under the secondary column. (b) Such figure shall be divided by an amount equal to the most current total valuation on record with the county clerk of the

receiving district plus the valuation determined by multiplying the most current valuation on record with the county clerk of all Class I school districts, not part of any Class VI district, in the county times a ratio equal to the number of students from the county registered to attend the receiving district for the ensuing year to the total number of nonresident students registered in the county for the ensuing year. (c) The figure resulting from dividing the expenses in subdivision (a) of this subsection by the total valuation in subdivision (b) of this subsection shall determine a levy to be assessed against such total valuation determined in subdivision (b) of this subsection for the operation of the secondary level program.

The levy determined shall be multiplied by the proportion of the total valuation of the Class I school districts of each county served by the receiving district to determine the dollars to be raised by the Class I districts and the product of such computation shall be divided by the total number of nonresident pupils registered to attend the receiving district to determine the per pupil rate for nonhandicapped pupils. The rate to be certified by the receiving district for the ensuing school year may be any amount decided by the receiving board but not less than the per pupil cost and shall not exceed one hundred twenty-five per cent of the computed rate determined by this section. There shall be added to the certified rate an additional service rate for handicapped pupils as provided by the rules and regulations adopted and promulgated by the State Board of Education. The superintendent of the receiving school shall certify such high school tuition rate for nonresident pupils to the county superintendent on or before the second Monday of July in each year.

(3) Any taxpayer may appeal from the action of the county board of equalization in resident high school tuition in the manner provided in sections 77-1606 to 77-1610. The county treasurer, the county superintendent, and each school district receiving funds from the nonresident high school tuition affected by the appeal shall be necessary parties. If the taxpayer alleges that the levy for nonresident high school tuition is for an unlawful or unnecessary purpose or in excess of the requirements of the school district fixing

nonresident high school tuition, such appeal shall not in any manner suspend the collection of any tax, nor the duties of the officers relating to such tax collection while such appeal is pending. Notwithstanding the provisions of section 77- 1606, such appeal shall not suspend or stay in any manner the distribution of nonresident high school tuition funds.

(4) A taxpayer initiating an appeal may, as a part of such appeal and without instituting a separate action, apply to the court for injunctive relief pursuant to the provisions of sections 25- 1062 to 25- 1080 to stay or suspend the distribution of nonresident high school tuition funds while the appeal is pending. If an appeal is brought under this subsection and the court orders the taxpayer to give security, such security shall be an amount sufficient to secure the party enjoined and any other necessary party the damages he, she, or it may sustain, if the court decides that the injunction was wrongfully granted.

Sec. 2. That section 79-498, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

79-498. To be entitled under section 79-494 to nonresident public school education in the tenth, eleventh, or twelfth grade of any public school district maintaining such grade, a pupil must have a certificate signed by the county superintendent of the proper county that he or she has completed the course of study for the preceding grade, and that he or she is unable to secure instruction in the next advanced grade in the public school district of his or her residence. When ~~;~~ ~~Provided, that when~~ a school district is annexed to or merged with another district, the board of education of the annexing district may pay the tuition in the amount provided for by section 1 of this act ~~79- 4,102~~ of students who at the time of such annexation are attending high school in a district other than such annexing district, for such time as may be necessary to complete the prescribed high school course for graduation in such other district.

Sec. 3. That section 79-4,100, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

79-4,100. Any public high school district may refuse admission to any or all nonresident pupils, if the amount of nonresident high school tuition as fixed in section 1 of this act ~~79- 4,102~~ is not compensatory, or if such nonresident pupils are from districts which are not now being served or have not previously been served by the high school district, except ~~; Provided,~~ that no public high school district may refuse admission to nonresident pupils effective prior to the beginning of the 1963-1964 school year, and effective then, or at the beginning of any school year thereafter, only if notice of its intention to refuse admission to nonresident pupils has been given ~~by July 15, 1963, for the 1963- 1964 school year, and~~ by October 1 of the preceding year for the 1964-1965 school year and the school years thereafter, by publication in a legal newspaper in the county where such high school is located. Any ~~; and provided further, that any~~ school district may by public notification prior to October 1 require that the parents or guardians of all nonresident pupils must make application on or before April 1 for admission to the following school term.

Sec. 4. Commencing January 1, 1985, the high school tuition rate for nonresident pupils shall be determined annually by the finance division of the State Department of Education on a uniform taxation basis for the support of the high school program of the receiving district. Based on data provided to the State Department of Education pursuant to the requirements of sections 79- 451, 79- 1331, and 79- 1333.02, data identifying the residence of enrolled nonresident students provided by the county superintendents, and such other data necessary to complete the calculations required by this section, the high school tuition charge shall be determined as follows:

(1) The total current expense of the receiving district, as shown on the most recent annual term summary report on file with the State Department of Education, for operations supporting the program in grades nine through twelve only, based on the weighted values per grade level established in section 79- 1334, shall be determined;

(2) A combined valuation tax base shall be established, from data on file with the county assessors and the Department of Revenue, based on the sum of the total current valuation of the receiving district and a proportionate share of the current valuation of all

Class I school districts not a part of any Class VI school district in each county where nonresident students registered to attend the receiving district for the ensuing school year reside. The receiving district's proportionate share of Class I district valuation shall be determined by multiplying the total current valuation of Class I districts not a part of any Class VI district in each county times a ratio equal to the total number of students from each such county who have registered to attend the receiving district for the immediately preceding five- year period for which enrollment data is available compared to the total number of nonresident students who have registered in each such county for the immediately preceding five- year period;

(3) The receiving district's proportionate share of Class I valuation, determined in subdivision (2) of this section, shall be divided by the combined valuation tax base, determined in subdivision (2) of this section, to derive a percentage. Such percentage shall be multiplied by the total current expense figure of the receiving district, determined in subdivision (1) of this section, to arrive at a figure representing the nonresident students' unadjusted share of operational expense. To such share shall be added a capitalization charge equal to ten per cent of the insurable or present value of the school plant and equipment used in support of the program operated in grades nine through twelve multiplied by the per cent equal to the number of nonresident students who have registered to attend the receiving district for the immediately preceding five- year period for which enrollment data is available divided by the total enrollment of the receiving district in grades nine through twelve for such five- year period;

(4) The total current charge for nonresident high school students, determined in subdivision (3) of this section, shall be adjusted to reflect increasing or decreasing costs. The total current charge for nonresident students shall be multiplied by the annual cost of education index to be established by the State Department of Education. Such index shall be based on the average of the annual increases and decreases in the total disbursements in support of the operation of the public schools during the immediately preceding

five- year period for which such information is available. The cost of education index shall be computed annually pursuant to guidelines established in the rules and regulations adopted and promulgated by the State Board of Education; and

(5) There shall be added to the adjusted nonresident tuition charge, determined in subdivision (4) of this section, an additional service charge for handicapped pupils as provided by the rules and regulations adopted and promulgated by the State Board of Education. The State Department of Education shall certify such high school tuition charge to the receiving district which may reduce such charge to any amount decided by the receiving district's school board or board of education, except that such amount shall not be less than the per pupil cost in the district as stated in the immediately preceding annual term finance report on file with the State Department of Education. The superintendent of the receiving district shall certify the nonresident high school tuition charge to the county superintendent for transmittal to the county treasurer and each receiving district on or before March 31 of each year.

81-1506. (1) It shall be unlawful for any person:

(a) To cause pollution of any air, waters, or land of the state or to place or cause to be placed any wastes in a location where they are likely to cause pollution of any air, waters, or land of the state; or

(b) To discharge or emit any wastes into any air, waters, or land of the state which reduce the quality of such air, waters, or land below the air, water, or land quality standards established therefor by the council. Any such action is hereby declared to be a public nuisance. A livestock operation is not a nuisance if:

(i) Reasonable techniques are employed to keep dust, noise, insects, and odor at a minimum;

(ii) It is in compliance with applicable regulations adopted by the council and zoning regulations of the local governing body having jurisdiction; and

(iii) The action is brought by or on behalf of a person whose date of lawful possession of the land claimed to be affected by a livestock operation is subsequent either to the issuance of an appropriate permit by the department for such operation, or to the operation of the feedlot and an onsite inspection by the department is made, before or after filing of the suit, and the inspection reveals that no permit is required for such operation.

(2) It shall be unlawful for any person to carry on any of the following activities unless he or she holds a current permit therefor from the department, as is required by it, for the disposal of all wastes which are or may be discharged or emitted thereby into the air, waters, or land of the state:

(a) Discharges for which a permit is required under the National Pollutant Discharge Elimination System created by the Federal Water Pollution Control Act Amendments of 1972 in which case the issuance of such permits shall be according to rules and regulations adopted by the council pursuant to subsection (11) of section 81-1505 and to which other provisions of this section shall not apply;

(b) The construction, installation, modification, or operation of any disposal system or part thereof or any extension or addition thereto;

(c) The increase in volume or strength of any wastes in excess of the permissive discharges specified under any existing permit;

(d) The construction, installation, or operation of any industrial, commercial, or other establishment or any extension or modification thereof or addition thereto, the operation of which would cause an increase in the discharge or emission of wastes into the air, waters, or land of the state or would otherwise alter the physical, chemical, or biological properties of any air, waters, or land of the state in any manner not already lawfully authorized; or

(e) The construction or use of any new outlet for the discharge of any wastes into the air, waters, or land of the state.

The department, under such conditions as it may prescribe, shall for the review, recommendations, and written approval of the director require the submission of such plans, specifications, and other information as it deems necessary to carry out the Environmental Protection Act or to carry out the rules and regulations adopted pursuant to such act. When deemed necessary by the director, such plans and specifications shall be prepared and submitted by a professional engineer duly registered to practice in the State of Nebraska.

(3)(a) Except in the case of underground injection control or hazardous waste facilities, if within thirty days of the receipt of plans, specifications, or other information required pursuant to this section the department determines that the proposed construction, installation, or establishment will not be in accordance with the requirements of the Environmental Protection Act or applicable rules and regulations, it shall issue a preliminary order prohibiting the construction, installation, or establishment of the air, water, or land contaminant source or sources. Failure of such an order to issue within the time prescribed in this subsection shall be deemed a determination that the construction, installation, or establishment may proceed, if it is in accordance with the plans, specifications, or other information, if any, required to be submitted. The director shall determine whether an application for a permit to operate an underground injection control or hazardous waste facility is complete within thirty days after it is filed with the department and shall notify the applicant of his or her determination. Such application shall be determined to be complete if it at least minimally addresses all applicable requirements of the Environmental Protection Act and the applicable regulations. No later than one hundred twenty days after an application is determined to be complete, the director shall determine whether the application, as it may have been amended during such period, adequately addresses all such applicable requirements and either issue the permit or deny the application. Such one hundred twenty day period may be extended by not more than sixty additional days if the director finds for good cause that additional time is required to determine the adequacy of the application, and informs the applicant in writing of the amount of additional time required and the reasons establishing good cause for the extension.

(b) The council may adopt and promulgate rules and regulations setting out time periods for the processing of applications requesting permits for activities regulated pursuant to subsections (9), (13), and (14) of section 81-1505.

(4) In addition to any other remedies available on account of the issuance of a preliminary order disapproving construction, installation, or establishment and prior to invoking any such remedies, the person aggrieved thereby shall, upon request and in accordance with rules of practice and procedure of the department, be entitled to a hearing on the order. Following such hearing, the preliminary order may be affirmed, modified, or withdrawn by a final order of the director which order shall be subject to review as provided in section 81-1509.

(5) Nothing in this section shall be construed to authorize the department to specify the type, design, method of installation, or type of construction of any equipment of manufacturing processes.

(6) Failure by the department to issue an order pursuant to this section shall not relieve any person from compliance with any emission or discharge control requirements or with any other provision of law.".

RESOLUTION

LEGISLATIVE RESOLUTION 271.

Introduced by Wesely, 26th District; H. Peterson, 35th District.

Whereas, the people of Nebraska, the United States, and the world are increasingly alarmed at the execution, persecution, and severe repression suffered by members of the Baha'i faith in Iran; and

Whereas, the Baha'i faith shuns violence, abstains from partisan politics, and espouses the elimination of prejudices based on race, creed, class, nationality, and sex; and

Whereas, the Baha'i faith claims 2 million members worldwide including 400,000 in Iran and 100,000 in the United States; and

Whereas, more than 150 Baha'is have been executed in Iran for the mere crime of adherence to a religion which respects all world religions, including Islam;

Now, therefore be it resolved by the members of the 88th Legislature of Nebraska, Second Session:

1. That the Nebraska Legislature condemns this gross violation of human rights by the Government of Iran; and
2. That the Nebraska Legislature urges the United States to continue to support the United Nations Commission on Human Rights in its efforts to bring a halt to the repression of the Baha'i minority in Iran; and
3. That a copy of this resolution be sent to each member of the Nebraska Congressional delegation, the President of the United States, and the Local Spiritual Assembly of the Baha'is in Lincoln.

Laid over.

"Section 1. It is hereby declared to be the policy of the State of Nebraska that it is necessary to regulate and control the transportation of wagers to licensed betting facilities within the state, to promote the health, safety, and welfare of the people of the state, to prohibit the proliferation of unauthorized bookmaking and gambling activities, to generate revenue by imposing licensing fees on messenger services, and to encourage and foster obedience for the gambling laws of the state.

Sec. 2. As used in this act, unless the context otherwise requires:

(1) Messenger service shall mean a person, firm, or corporation which (a) receives money from a client, transports or forwards the money to a licensed race track, and places the money into the race track's parimutuel pool in a manner directed by the client or (b) receives money from a client and transports or forwards the money to a person legally capable of placing the money into a wagering system in a manner directed by the client;

(2) Commission shall mean the State Racing Commission; and

(3) License shall mean a messenger service license.

Sec. 3. All messenger services shall be licensed by the State Racing Commission. An applicant for a license shall disclose to the commission on forms provided by the commission, in writing, the ownership, business structure, financial backing, sources of funding, and proposed office location of the messenger service. Except as otherwise provided in this section, within ninety days after receiving an application and before issuance of a license the commission shall hold a public hearing to take testimony on the applicant's qualifications for licensure. Notice of the hearing shall be sent by mail to all licensed messenger services in the state. A majority vote of the members of the commission shall be required to approve a license for a messenger service, and such license shall be valid for one year unless revoked for good cause as provided under section 12 of this act. Any person operating a messenger service prior to the effective date of this act may apply for a license pursuant to this section and shall be issued a license without the commission conducting a public hearing.

Sec. 4. An applicant for a license shall deposit one thousand dollars with the commission. If the license is granted, the commission shall retain the entire deposit which shall be considered a licensing fee. If the license is not granted, the commission shall retain an amount equal to the cost of any investigation and shall return the remaining amount to the applicant.

Sec. 5. Each messenger service shall register the names of its agents and employees with the commission. The messenger service and its agents and employees shall give bond not exceeding ten thousand dollars pursuant to the bonding procedures in section 2-1206.

Sec. 6. A messenger service may apply for a license for additional office locations which may be approved at the discretion of the commission. A messenger service shall pay an initial fee of five hundred dollars for each new location granted by the commission. No messenger service office shall be located within one mile of any other messenger service office.

Sec. 7. Each messenger service shall pay an annual renewal fee of five hundred dollars for its license and two hundred fifty dollars for renewal of the license for each additional location granted by the commission. Renewal of a license shall be automatic upon payment of the annual renewal fee. All licenses shall expire on December 31 and renewal fees for the following year shall be paid on or before December 31. No renewal fee shall be due from a messenger service during the year following a year in which an additional location license was granted and the five hundred dollar fee was paid.

Sec. 8. The license fees collected pursuant to this act shall be used by the commission to enforce this act with the balance, if any, used pursuant to Chapter 2, article 12.

Sec. 9. Each messenger service office shall be required to maintain the following records: (1) A copy of all client orders, consecutively numbered; (2) a copy of all client orders surrendered by the client when payment is made to him or her on winning selections; (3) all losing tickets; (4) recapitulation of ticket purchases for each race showing the amounts paid for tickets on each entry for each of the three winning finishing positions; (5) a summary of winning tickets for each race; and (6) a daily record of money due clients. Such records shall be made available for audit and inspection by the commission. A periodic report shall be submitted at least monthly to the commission during the racing season and for four months after the season, containing information showing the total number of serialized orders, total dollar cost of all orders, total dollar cost of all winning orders, and total dollar cost of losing orders, by track and by date.

Sec. 10. The commission shall regulate rates which the race track messenger service charges so that the rates reflect the race track messenger service's costs of doing business plus a fair and reasonable profit. In no case shall this rate be less than ten per cent of the gross sum wagered for clients.

Sec. 11. The commission shall adopt and promulgate rules and regulations to promote the efficient and consistent operation of the messenger services.

Sec. 12. The commission may revoke a messenger service's license for good cause. Good cause shall be found if: (1) Any business other than the licensed activity is conducted on the messenger service's premises; (2) a minor is permitted to utilize the messenger service; (3) the messenger service violates Nebraska's statutory proscriptions against gambling; or (4) the messenger service otherwise fails to comply with the standards established by this act.

Sec. 13. ATTORNEY GENERAL'S OPINIONS

Opinion No. 195
February 24, 1984

Dear Senator Barrett:

We have reviewed your January 25, 1984 letter in which you inquire (1) whether the Nettersheim claim as set out in LB 1014 is properly before the Legislature and (2) whether the claim must have been filed prior to the convening of the 1984 session for consideration at that session.

With respect to your first question, it first appears the claim was filed with the State Claims Board on June 11, 1981, and the Board on June 17, 1982 recommended allowance of the claim. The 1983 Legislature considered LB 621 and determined not to pay the Nettersheim claim. It appears that this all occurred in conformity with the "miscellaneous claim" procedure in Neb.Rev.Stat. §§81-8,236 et seq., and that the Legislature's action deleting the Nettersheim claim from LB 621 was the final action in the process. No further claim has been filed.

Article I, Section 16, of the Nebraska Constitution provides: "No. . . law. . . making any irrevocable grant of special privileges. . . shall be passed."

Article III, Section 18, further provides: "The Legislature shall not pass. . . special laws. . . [g]ranting to any. . . individual any special or exclusive privileges. . . whatever. . . In all. . . cases where a general law can be made applicable, no special law shall be enacted."

The Legislature has provided a general law for claimants such as Nettersheim in enacting Neb.Rev.Stat. §§81-8,236 to 81,82,239. Consequently, the enactment of a special law would be unconstitutional where it benefits certain individuals who have not filed a claim with the State Claims Board under the above general law. We find no Supreme

Court decisions directly on point but suggest that Cox v. State, 134 Neb. 751, 279 N.W. 482, and Bordy v. State, 142 Neb. 714, 7 N.W.2d 632, are supportive.

It further appears that the statutes do not prohibit the claimants from filing a new claim with the State Claims Board after which the matter would again be referred to the next session of the Legislature for review. However, since no claim has been filed yet, it probably could not be considered at the current session. Neb.Rev.Stat. §81-8,239 requires review by the "next Legislature convening after the filing of the claim." The claim if so filed would also be subject to all other defenses, including the defense of the appropriate statute of limitations.

Very truly yours,
PAUL L. DOUGLAS

Opinion No. 196
February 24, 1984

Dear Senator Beutler:

You have requested our opinion concerning whether the present provisions of LB 803, allowing a county jury commissioner the option of expanding the list of prospective jurors described by Neb.Rev.Stat. §25-1628 (Reissue 1979) to include "all licensed motor vehicle operators in the county", would deny a defendant equal protection of the law in violation of the Fourteenth Amendment. In our opinion the present language of LB 803 and the procedures it would establish, could be found to violate the concept of equal protection of the law, solely due to its present failure to articulate a reasonable basis for allowing the composition of prospective juror lists to differ solely based upon the discretion of the local jury commissioner.

In reaching this conclusion, we have employed the following analysis. First, neither the present system of creating prospective juror lists under §26-1628 nor that system proposed by Section 2 of LB 803, appear constitutionally infirm. Thus, regardless which of these two prospective juror selection systems were employed, the criminal defendant would be afforded a constitutionally satisfactory pool of jurors from which a jury could be chosen. The fact that the system proposed by Section 2 of LB 803 might be deemed to provide a prospective juror list "more representative of the community" does not, in our opinion, in any respect diminish the fact that the prospective juror lists presently created are adequately representative. The question then resolves itself to a matter of whether the Legislature may create a system which would allow two distinct and constitutionally adequate systems for creating prospective juror lists to exist within the state on a county-by-county basis without violating the Fourteenth Amendment guarantee of equal protection of the law.

It has long been recognized that state legislatures may provide for distinct legal systems within their boundaries without abridging concepts of equal protection of law. Missouri v. Lewis, 101 U.S. 22 (1879), Hayes v. Missouri, 120 U.S. 68 (1887), Fay v. New York, 332 U.S. 261 (1947), Salsbury v. Maryland, 346 U.S. 545 (1954), McGowan v. Maryland, 366 U.S. 420 (1961), North v. Russell, 427 U.S. 328 (1976). "Legislation is presumed to be reasonable. The courts will not set aside a statutory discrimination on the basis of equal protection of the laws if any state of facts may be conceived to justify it." Salsbury v. Maryland, supra. (Emphasis added.) "[T]his court has never questioned the State's power to draw reasonable distinctions between political subdivisions within its borders." San Antonio Independent School District v. Rodriguez, 411 U.S. 1, 28 fn. 66 (1973). (Emphasis added.)

Distinctions in criminal procedures based upon geographical, political or demographic factors within a state have been upheld. E.g., McGowan v. Maryland, supra, (exemption from Sunday closing statutes for businesses in a recreational area); Missouri v. Lewis, supra, (denial of appeal to state supreme court from certain populous counties where intermediate appellate court established); Tarter v. James, 667 F.2d 964 (11th Cir. 1982) (reduction of criminal defendant's preemptory challenges in populous county). In Tarter v. James, Id. at 969, the court stated:

> The court concludes that the Alabama . . .statute impermissibly infringes on the plaintiff's constitutional rights only if the population classification lacks any rational basis. [citations omitted] In applying the rational relation test, the state statute must be upheld 'unless the [population] classification is purely arbitrary, oppressive or capricious.' Packard v. Banton, 264 U.S. 140 (1924).

In the case of LB 803, we perceive no statement of record indicating why prospective juror lists may be created by distinct processes simply at the discretion of the various county jury commissioners. As these two systems may have some arguable impact upon the types of juries which are drawn from the distinct juror lists, we believe that some reasonable basis for the difference in treatment should be articulated by the Legislature or a uniform system of creating prospective juror lists adopted to avoid the possibility of a court finding that the present LB 803 system denies a criminal defendant in this state equal protection of the law.

March 5, 1984

TO: Members of the Legislature
RE: Resignation from the Special Commonwealth Committee

Because of the gravity and uniqueness of the issues involved in the Commonwealth Matter and the strong likelihood, in my opinion, that efforts at political coverup might develop, I fought for membership on the Committee.

On January 4, 1984, the Legislature by a vote of 25 - 13, placed me on the Committee.

During the early stages of activity, the Committee moved with alacrity, adopting a Motion on February 9, 1984 setting out the specifics governing a public hearing to deal with the activities of Attorney General Paul Douglas in connection with Marvin Copple and Commonwealth Savings Company.

An accompanying Press Release detailed the Committee's overall agenda. Other issues to be dealt with were:

(1) The State's liability — the Claims Board has acted and its proposal is in the hands of the Lancaster County District; nothing at this time remains for the Committee or the Legislature to do until after the court makes some determination;

(2) Remedial and corrective legislation to give the Director of the Department of Banking the tools needed to prevent a future Commonwealth debacle; and to require that all depository institutions obtain federal insurance; the Committee has acted;

(3) Bailout legislation — this has been processed by the Committee.

The public hearing on Attorney General Paul Douglas lasted two days and elicited considerable damaging evidence against him which, in my opinion, established that his official actions as Attorney General were improperly influenced by his various dealings and activities with Marvin Copple and Commonwealth.

Last night, March 4, 1984, the Committee held a meeting in room 203 of the Lincoln Hilton Hotel. In attendance were 15 of the 16 Committee members:

1. William Barrett
2. Chris Beutler
3. Emil Beyer
4. Calvin Carsten
5. Ernie Chambers
6. Robert Clark
7. John DeCamp
8. Rex Haberman

9. Vard Johnson, Chairman
10. Bernice Labedz
11. Marge Higgins
12. William Nichol
13. Wiley Remmers
14. Loran Schmit
15. Jerome Warner

Senator Don Wagner was absent.

Because some of the members began raising questions as to whether it was appropriate for the Committee even to be considering the issues involving Attorney General Paul Douglas, and others began to defend him and rationalize his conduct, I reminded them that our purpose in meeting was to deal with the Douglas question and that if they refused, I would leave.

Reluctant consideration was given to a Resolution of Impeachment which contained General Allegations and six Specifications.

Senator Warner offered a motion to delete Specifications #1 and #4, saying he had "problems" with them. Senator Barrett opposed the motion, saying it would "dilute and weaken" the resolution — then voted against the Resolution.

Senator DeCamp, who offered a spirited defense of the Attorney General and insisted vigorously that absolutely no case exists for impeachment", declared that "in no case" would he vote for impeachment or any other action.

Senator Haberman was very reluctant to take up the Douglas matter at all.

Prior to consideration of the Resolution (while various members were questioning whether the Committee ought to do anything at all), I offered a succinct statement of my position and what I viewed as our responsibility. My statement:

> "Evidence from documents and the Attorney General's own written words and testimony to this Committee under oath, indicates that his nonaction contributed to an attempted coverup. As in the Watergate situation, we should ask: 'What did he know; when did he know it; what did he do as a result of such knowledge?' What would a prudent Attorney General have done?
>
> "As Legislators, we took an oath of office. We have a duty to uphold that oath and to defend the public welfare. We are policymakers. What we do in this case will fix our place for all time in the history of this Legislature. What we do will set a precedent. Either we shall, by our action, express approval of what the Attorney General has done; or we shall express disapproval.
>
> "Our responsibility cannot be delegated to anyone else. This matter of the Attorney General's conduct is a public issue dealing with the public interest. It must be resolved through a public act — our act as

a Legislature.

"The Legislature should decide; and it shall decide. There is no way the matter will be sidestepped. If this Committee decides simply to do nothing, I promise you that I shall offer a Resolution of Impeachment. And I promise you that the Legislature shall deal with it in the open. And the public will be able to witness our defenses and rationalizations."

I then briefly summed up my reasons for believing that the Attorney General's conduct had made him amenable to impeachment.

When the Committee finally voted overwhelmingly against impeachment; and because I am of the unshakable belief that the entire Legislature should dispose of the question before the public; and because I shall draft and introduce a Resolution of Impeachment — I tendered my written resignation from the Committee, to Chairman Vard Johnson. There is no way that, as a pricipled man, I can remain on the Committee.

The vote against impeachment was 10 - 5.

AGAINST: Barrett, Beyer, Carsten, Clark, DeCamp, Haberman, Nichol, Remmers, Schmit, Warner.

FOR: Beutler, Chambers, Johnson, Higgins, Labedz.

Following the vote and submission of my resignation, I left the meeting and know nothing of what took place thereafter.

RESOLUTIONS

LEGISLATIVE RESOLUTION 279.

Introduced by Wesely, 26th District.

WHEREAS, the Social Security Amendments of 1983, Public Law 98-21, completely altered Medicare reimbursement for in-patient hospital services by creating the prospective payment system (PPS); and

WHEREAS, the Medicare PPS is being phased in over a three year period to prospectively reimburse hospitals on a fixed price based on the principal diagnosis of the patient and known as diagnostic related groups (DRGs); and

WHEREAS, this system of predetermined rates totally reverses the incentives of the retrospective payment system used since the creation of the Medicare program and may be applied to other providers, such as physicians and skilled nursing care, in the near future; and

WHEREAS, the new Medicare reimbursement system will provide incentives for hospitals to control health care costs; and

WHEREAS, many of the effects of the new system are not yet known and may result in the closing of many hospitals across the United States; and

WHEREAS, Nebraska's rural health care structure, consisting primarily of rural hospitals and nursing homes smaller than the national average and a higher proportion of primary care physicians, may be effected in a manner substantially different than in other states; and

WHEREAS, an example is demonstrated by the PPS formula which is based in part on the Wage Index of the Bureau of Labor Statistics, adjusted for local wage rates; and

WHEREAS, this index does not account for differences between full-time and part-time employees and many of Nebraska's rural and metropolitan hospitals employ a large percentage of part-time workers in their efforts to contain hospital costs; and

WHEREAS, this index fails to recognize differences in rural hospital wages due to hospital size and specialization of services provided; and

WHEREAS, this wage index fails to recognize that wages for rural hospitals located adjacent to metropolitan areas or with specialized employees must be competitive; and

WHEREAS, the Medicare PPS wage formula currently affects Nebraska hospitals in an inequitable manner and a change in the formula to reflect these differences would increase the wage index component for rural hospitals in Nebraska as well as in Lincoln and

Omaha; and

WHEREAS, the Health Care Financing Administration should recognize the intent of Congress in the development of the wage index and make monetary adjustments for inadequacies in this index; and

WHEREAS, when Congress reconvenes on January 23, 1984, the Senate will begin debate on S. 2062, which includes an amendment to correct the PPS formula and reflect such wage differences; and

WHEREAS, the House of Representatives will consider H.R. 4170, including an amendment to provide an appeal process for situations where the wage index is inequitable; and

WHEREAS, the Nebraska Congressional delegation has been instrumental in the effort to correct the inequity in the current wage index; and

WHEREAS, the magnitude of the Medicare PPS and its potential effect on the state indicate a need for the State of Nebraska to become more actively involved in federal health policies.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the State of Nebraska assume an advocacy role in monitoring federal health policies and developing responses to policies which adversely impact the state in an inequitable manner.
2. That the Legislature carefully examine health care cost containment issues at the state level in light of the recent federal policy changes.
3. That the Legislature recognize the efforts of the Reagan administration and the Congress of the United States to develop cost containment mechanisms through a prospective Medicare reimbursement system.
4. That the Legislature urge the Members of Congress to actively support and vote favorably for amendments to S. 2062 and H.R. 4170 which will correct the current inadequacy of the wage index used in the PPS formula.
5. That the Clerk of the Legislature send copies of this resolution to the President of the United States, the Speaker of the United States House of Representatives, the President of the United States Senate, and Members of Congress representing the State of Nebraska.

Laid over.

LEGISLATIVE RESOLUTION 280.

Introduced by Lundy, 36th District; Kahle, 37th District.

WHEREAS, the Kearney Catholic girls basketball team finished the season with an undefeated 22-0 record and captured the Class C-2 State

Basketball Championship; and

WHEREAS, the Stars established an all-class state tournament scoring record by scoring a total of one hundred ninety-three points; and

WHEREAS, winning a state championship is a demonstration of the willingness of this team and Coach Jerome Skrdla to endure the hard work and struggle associated with significant accomplishments; and

WHEREAS, this outstanding achievement deserves special recognition.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Legislature commends the spirit and talent of the Kearney Catholic girls basketball team.
2. That the Legislature congratulates the members of the Kearney Catholic girls basketball team and Coach Jerome Skrdla and his staff.
3. That a copy of this resolution be sent to Coach Jerome Skrdla and the Kearney Catholic girls basketball team.

"Sec. 4. In order to insure appropriate stability in funding and the ability to implement currently planned programs and plan future programs for the maintenance and construction of city streets, county roads, and state highways in this state, it is the purpose of sections 4 to 7 of this act to restrict to a certain amount the anticipated loss of revenue due to the tax rate reduction provided in sections 66-410 and 66-428 for agricultural ethyl alcohol produced in the State of Nebraska for use as a motor vehicle fuel and for motor vehicle fuel containing a minimum of ten per cent blend of agricultural ethyl alcohol whose purity is at least ninety-nine per cent alcohol, excluding denaturant. In furtherance of this purpose, sections 4 to 7 of this act are intended to establish a procedure to estimate the anticipated loss which would occur in each calendar quarter due to the full amount of the tax rate reduction provided in sections 66-410 and 66-428 and, if necessary, adjust the amount of such tax rate reduction so that the anticipated loss of revenue will not exceed a certain amount.

Sec. 5. (1) On or before the thirtieth day prior to the first day of every calendar quarter, the Tax Commissioner shall estimate for the next calendar quarter the amount of difference between the estimated receipts from the taxes imposed in the next calendar quarter, pursuant to sections 66-410, 66-428, 66-473, and 66-477, on motor vehicle fuel subject to the tax rate reduction provided in sections 66-410 and 66-428, and the estimated receipts from such taxes if the tax rate reduction provided in sections 66-410 and 66-428 and this section for such motor vehicle fuel were not in effect.

(2) If the amount of difference estimated pursuant to subsection (1) of this section exceeds the amount provided in section 6 of this act, the Tax Commissioner shall compute a tax rate reduction per gallon, set in increments of one-tenth of one cent, for such motor vehicle fuel which would limit the amount of difference to no more than the amount provided in section 6 of this act, taking into consideration any adjustments made pursuant to subsection (3) of this section. Such tax rate reduction shall apply for the next calendar quarter to all such motor vehicle fuel instead of the tax rate reduction provided in sections 66-410 and 66-428.

(3) In making the estimates and computations required by subsections (1) and (2) of this section, the Tax Commissioner shall consider the actual receipts from the taxes imposed in the preceding calendar quarter on such motor vehicle fuel pursuant to sections 66-410, 66-428, 66-473, and 66-477 and this section and shall,

if necessary, adjust the estimates for the next calendar quarter to account for the difference between the actual receipts and the amount provided in section 6 of this act.

(4) The tax rate reduction computed pursuant to this section shall be distributed to all licensed motor vehicle fuel dealers at least five days prior to the first day of any calendar quarter during which the tax rate reduction is to be adjusted. Such tax rate reduction shall be utilized in computing the tax due for the period specified by the Tax Commissioner.

Sec. 6. The amount of revenue lost due to the tax rate reduction provided in sections 66-410 and 66-428 and section 5 of this act which shall be allowed, pursuant to section 5 of this act, shall be as follows:

(1) Beginning October 1, 1984, one million five hundred thousand dollars for each calendar quarter;

(2) Beginning July 1, 1985, one million dollars for each calendar quarter; and

(3) Beginning July 1, 1986, five hundred thousand dollars for each calendar quarter.

Sec. 7. The Department of Roads, the State Energy Office, and the Gasohol Committee shall provide the Tax Commissioner with any information or estimates they may possess which may assist the Tax Commissioner in carrying out the powers and duties imposed on him or her by sections 4 to 7 of this act.

Sec. 9. Sections 4 to 7 of this act shall terminate on July 1, 1987, and each section shall be repealed in its entirety along with all amendments thereto.".

ATTORNEY GENERAL'S OPINION

March 1, 1984

Re: Board of Examiners in Audiology and Speech Pathology

Dear Senator Fenger:

Your letter to Mr. Douglas dated February 24, 1984, has been referred to the undersigned. In that letter you ask whether the Board of Examiners in Audiology and Speech Pathology ("Board") will go out of existence on July 1, 1984. In our opinion, the Board will "terminate" on July 1, 1984 but will continue in existence until July 1, 1985 for the purpose of concluding its affairs.

Neb.Rev.Stat. §71-1,197 (Reissue 1981) provides that the Board shall terminate July 1, 1984 unless it is revived pursuant to §§ 81-199 to 81-1,105. Neb.Rev.Stat. §81-192 et. seq. provides for the termination of certain agencies, boards and commissions as well as for performance reviews of their activities. The Board is subject to performance reviews by the Performance Review and Audit Committee by virtue of the provisions of Neb.Rev.Stat. §81-1,106 (Reissue 1979). We believe that it is also subject to the provisions of Neb.Rev.Stat §81-199 (Supp. 1983) which provides as follows:

> Upon termination, each agency, board, or commission shall continue in existence until July 1 of the next succeeding year for the purpose of concluding its affairs. During this period, such termination shall not reduce or otherwise limit the powers or authority of each respective agency. Upon the expiration of the one year after termination, each respective agency shall cease all activities.

The fact that the date of the termination of the Board's existence is set forth in Neb.Rev.Stat §71-1,197 (Reissue 1979) rather than in Neb.Rev.Stat. §§81-196, 81-197 or 81-198 does not dictate a contrary result. The Legislature simply chose to include the statute relative to the termination of the Board's existence in the same chapter of the statutes which describes its duties. Thus, we must conclude that the Board may continue in existence from July 1, 1984 to July 1, 1985 for the purpose of winding up its affairs. Although it would continue to exercise the same powers and authority it had prior to July 1, 1984, it must nevertheless actually commence winding up its affairs during that year. In otherwords, the Board terminates on July 1, 1984 and it continues to exist for only one real purpose—that of going out of business on July 1, 1985.

If you have any questions please do not hesitate to contact the undersigned.

Very truly yours,
PAUL L. DOUGLAS
Attorney General

79-4,102. (1) The county superintendent of each county in which a Class VI school is not maintained shall, within thirty days after the annual meeting, certify to the county board of supervisors or commissioners the number of qualified pupils whose parents or guardians have applied to the county superintendent for nonresident high school tuition privileges or special education requirements and a list of school districts and servicing agencies for handicapped pupils which have been approved by the State Board of Education as schools or service agencies qualified to grant nonresident public high school education or special education programs to nonresident pupils under the provisions of sections 79-494 to 79-4,106 for nonhandicapped pupils and under the provisions of sections 43-606 and 43-646~~,~~ for handicapped high school age pupils.

(2) The high school tuition rate for nonresident pupils shall be determined annually by the receiving school district on a uniform compensatory basis for all such pupils.

(3) For the purposes of this section: (a) Receiving school district shall mean the school district

where a nonresident student attends school; and (b) compensatory basis shall mean on the basis of the costs of instructing the nonresident students incurred by the receiving school district.

(4) The superintendent of each receiving school district shall certify, on or before the second Monday in July of each year, to each county superintendent seeking its services, the nonresident high school tuition rate for nonhandicapped children for the ensuing school year. The rate shall not exceed one hundred twenty- five per cent of the sum which results from dividing the total annual cost of secondary instruction in the district, as stated in the most recent report to the State Department of Education, by the average daily membership of secondary students in attendance during the period included in such report made pursuant to the requirements of the State Board of Education and the department.

(5) Any taxpayer may appeal the actions of the county board of equalization in the manner provided in sections 77- 1606 to 77- 1610 for any decisions regarding the rate of tuition for nonresident secondary students. ~~The high school tuition rate for nonresident pupils shall be determined annually by the receiving district on a uniform taxation basis for the support of the high school program of the receiving district. (a) The calculation shall take from the most current annual term finance report of the receiving district on file with the State Department of Education the total current expense listed on line 294 under the secondary column and, when necessary, adjustments shall be made to reflect such expense for grades nine through twelve only, plus ten per cent depreciation listed on line 470 under the secondary column. (b) Such figure shall be divided by an amount equal to the most current total valuation on record with the county clerk of the receiving district plus the valuation determined by multiplying the most current valuation on record with the county clerk of all Class I school districts, not part of any Class VI district, in the county times a ratio equal to the number of students from the county registered to attend the receiving district for the ensuing year to the total number of nonresident students registered in the county for the ensuing year. (c) The figure resulting from dividing the expenses in~~

~~subdivision (a) of this subsection by the total valuation in subdivision (b) of this subsection shall determine a levy to be assessed against such total valuation determined in subdivision (b) of this subsection for the operation of the secondary level program.~~

~~The levy determined shall be multiplied by the proportion of the total valuation of the Class I school districts of each county served by the receiving district to determine the dollars to be raised by the Class I districts and the product of such computation shall be divided by the total number of nonresident pupils registered to attend the receiving district to determine the per pupil rate for nonhandicapped pupils. The rate to be certified by the receiving district for the ensuing school year may be any amount decided by the receiving board but not less than the per pupil cost and shall not exceed one hundred twenty-five per cent of the computed rate determined by this section. There shall be added to the certified rate an additional service rate for handicapped pupils as provided by the rules and regulations adopted and promulgated by the State Board of Education. The superintendent of the receiving school shall certify such high school tuition rate for nonresident pupils to the county superintendent on or before the second Monday of July in each year.~~

~~(3) Any taxpayer may appeal from the action of the county board of equalization in resident high school tuition in the manner provided in sections 77-1606 to 77-1610. The county treasurer, the county superintendent, and each school district receiving funds from the nonresident high school tuition affected by the appeal shall be necessary parties. If the taxpayer alleges that the levy for nonresident high school tuition is for an unlawful or unnecessary purpose or in excess of the requirements of the school district fixing nonresident high school tuition, such appeal shall not in any manner suspend the collection of any tax, nor the duties of the officers relating to such tax collection while such appeal is pending. Notwithstanding the provisions of section 77-1606, such appeal shall not suspend or stay in any manner the distribution of nonresident high school tuition funds.~~

~~(4) A taxpayer initiating an appeal may, as a part of such appeal and without instituting a separate~~

~~action, apply to the court for injunctive relief pursuant to the provisions of sections 25-1062 to 25-1080 to stay or suspend the distribution of nonresident high school tuition funds while the appeal is pending. If an appeal is brought under this subsection and the court orders the taxpayer to give security, such security shall be an amount sufficient to secure the party enjoined and any other necessary party the damages he, she, or it may sustain, if the court decides that the injunction was wrongfully granted.~~

Sec. 2. That original section 79-4,102, Revised Statutes Supplement, 1982, is repealed.

Sec. 3. Since an emergency exists, this act shall be in full force and take effect, from and after its passage and approval, according to law.".

Such formula for payment shall provide for reimbursement at rates similar to those set by other federal and state programs and private entitlements, but shall not exceed one hundred per cent of the rates paid on the effective date of this act for similar services by the major health insurance company contracted by the State of Nebraska. All payments to providers shall be used in support of the program for services established under sections 1 to 4 of this act. BILL ON FIRST READING

The following bill was read for the first time by title:

LEGISLATIVE BILL 1003A. By Pappas, 42nd District.

A BILL FOR AN ACT to appropriate funds to aid in carrying out the provisions of Legislative Bill 1003, Eighty-eighth Legislature, Second Session, 1984; and to declare an emergency.

ATTORNEY GENERAL'S OPINION

Opinion No. 199
March 8, 1984

Dear Senator Kilgarin:

In your February 24, 1984, letter you requested our opinion with respect to certain aspects of Neb.Rev.Stat. §44-2828 and Neb.Rev.Stat.

§25-222.

We understand you wish to know whether the six year period of limitations in §44-2828 is an absolute unconditional bar for all malpractice actions in view of the Supreme Court's decision in Sacchi v. Blodig, 215 Neb. 817 concerning §25-222. You also ask whether there are constitutional problems concerning the above statutes.

We have reviewed the recent court decisions, the above statutes, and LB 692 with all amendments to date.

The two statutes are essentially identical. Section 44-2828 apparently was intended to cover actions where the physician or hospital is qualified under the Nebraska Hospital Medical Liability Act while §25-222 covers other professional negligence situations. In Sacchi the Court held that the ten year limitation period in §25-222 is not an absolute bar for actions in which the plaintiff was under a disability contemplated by Neb.Rev.Stat. §25-1213.

It is our opinion in view of the Sacchi decision that the six year limitation in §44-2828 would also be interpreted as not being an absolute bar of those actions where the plaintiff is an infant or is otherwise under a disability contemplated by Neb.Rev.Stat. §25-213. Any other interpretation probably would subject §44-2828 to equal protection and due process problems.

There could be equal protection or other constitutional questions raised concerning the differences between the six and ten year periods in the two statutes. However, it appears that LB 692, as amended, would conform the two statutes in all essential respects and avoid such possible constitutional infirmities. We understand that LB 692 would amend §44-2828 to clearly exclude actions subject to §25-213 and to increase the six year period to ten, the same as in §25-222.

Please let us know if you have further questions.

Very truly yours,
PAUL L. DOUGLAS

AM2332

1. Strike the original sections and all amendments thereto.

2. Insert new sections as follows:

"Section 1. The Legislature finds and declares that homeowners in Nebraska have carried an excessive share of the tax burden through property taxes. It is the intent of the Legislature to provide these property taxpayers with true property tax relief. Such relief shall take the form of a direct reimbursement to the taxpayer without an increase in any other tax.

Sec. 2. For the purpose of this act, unless the context otherwise requires, the definitions found in sections 3 to 6 of this act shall be used.

Sec. 3. Homeowner shall mean a person who (1) actually occupies and is the owner of record or is purchasing a homestead under a land contract, (2) actually occupies and owns or is purchasing a dwelling situated on the leased lands of another, (3) is a tenant-stockholder of a cooperative housing corporation, or (4) is the beneficiary of a trust of which the trustee is the record title owner and the beneficiary-occupant has (a) a specific right to occupy the premises as stated in the trust instrument, (b) the right to amend or revoke the trust to obtain such power of occupancy or of title, or (c) the power to withdraw the homestead premises from the trust and place the record title in such occupant's name.

Sec. 4. Homestead shall mean the dwelling and so much of the land surrounding it, not exceeding one acre, as is reasonably necessary for use of the dwelling as a home, and may consist of a part of a multifamily dwelling or multipurpose building and a part of the land upon which it is built. Homestead shall also include mobile homes.

Sec. 5. Household shall mean the homeowner, his or her spouse, and all other persons except minors who live in the same dwelling sharing the furnishings, facilities, accommodations, and expenses.

Sec. 6. Property taxes paid shall mean property taxes, exclusive of special assessments, delinquent interest, and charges for service, levied on a homeowner's homestead in this state in 1983 or any calendar year thereafter and actually paid by the homeowner. When a homeowner owns and occupies two or more different homesteads in the state in the same calendar year, property taxes paid shall mean the total property taxes paid for both homesteads, except that if both homesteads are simultaneously owned by the homeowner, property taxes paid shall mean the property taxes paid for only one homestead during the period of simultaneous ownership. If a homestead is an integral part of a large unit such as a farm or a multipurpose or multifamily dwelling, property taxes paid shall be a percentage of the total property taxes paid in proportion to the value of the homestead as compared to the total value of the property. For purposes of this section, unit refers to the parcel of property covered by a single tax statement of which the homestead is a part.

Sec. 7. All homesteads in this state shall be assessed for taxation the same as other property except that assistance shall be provided to homeowners on a percentage of the property tax paid on the homestead as provided in section 9 of this act.

Sec. 8. Upon request of the Tax Commissioner, each county assessor shall supply to the Department of Revenue a statement of property taxes paid by every homeowner in the county.

Sec. 9. The Tax Commissioner shall use the statement provided in section 8 of this act to calculate the tax reimbursement each homeowner shall receive. Each homeowner shall receive the lesser of twenty per cent of the property taxes paid on their homestead or two hundred twenty-five dollars. A check for such reimbursements shall be mailed to each recipient on or before October 15, 1984, and before such date each year thereafter, for the preceding year's property taxes.

Sec. 10. Any person aggrieved by the denial in whole or in part of relief claimed under this act, except when the denial is based upon late filing of a claim, may appeal the denial to the Department of Revenue by filing a notice of appeal within twenty days after receipt of notice of such denial. The appeal shall be made pursuant to Chapter 84, article 9.

Sec. 11. A claim shall be disallowed if the Department of Revenue finds that the claimant received title to his or her homestead primarily for the purpose of receiving benefits under this act.

Sec. 12. A person may amend a claim for relief under this act by filing an amended claim. The amended claim must be filed within two years of the filing of the initial claim.

Sec. 13. The Tax Commissioner shall adopt and promulgate rules and regulations which are necessary for the administration of this act.

Sec. 14. Since an emergency exists, this act shall be in full force and take effect, from and after its passage and approval, according to law.".

9-307. Protection of buyers of goods.

(1) A buyer in ordinary course of business (subsection (9) of section 1-201) other than a person buying farm products from a person engaged in farming operations takes free of security interest created by his or her seller even though the security interest is perfected and even though the buyer knows of its existence.

(2) In the case of consumer goods, a buyer takes free of a security interest even though perfected if he or she buys without knowledge of the security interest, for value and for his or her own personal, family or housefold purposes unless prior to the purchase the secured party has filed a financing statement covering such goods.

(3) A buyer other than a buyer in ordinary course of business (subsection (1) of this section) takes free of a security interest to the extent that it secures future advanced made after the secured party

acquires knowledge of the purchase.

(4) Strike the original subsection and amend as follows:

A buyer of farm products, other than a packing plant, packing house, or a livestock marketing agency, as defined in Neb. Rev. Stat. §54- 101(13) and (19), may request a secured party to provide the buyer with a list of debtors as to whom the secured party holds a perfected security interest in farm products or crops, and as to whom the secured party further requires that the secured party be named as joint payee on any check or draft issued to the debtor in payment for farm products. Upon such a request from the buyer, in writing, the secured party shall provide such a list containing: (1) the date of the list; (2) the name and residence address of each such debtor; (3) identification of the farm products of each such debtor subject to the security interest; and (4) the name and address of the secured party. A buyer shall take farm products subject to the security interest of a secured party providing such a list only as to debtors whose names appear on such current list, provided to the buyer, and as to whom the buyer fails to list the secured party as a joint payee on any check or draft issued in payment for farm products; provided however, (1) such security cannot be enforced against such buyer unless the security interest has been perfected by the secured party in accordance with the provisions of this article; (2) the debtor has failed to account to the secured party for the proceeds of the sale; and (3) the secured party has prosecuted the debtor pursuant to Neb. Rev. Stat. §§69- 101 to 69- 111. Any secured party whose name appears as a joint payee on a check or draft issued by the buyer shall be relieved of liability to other secured parties of the same debtor whose names do not appear as joint payees on such check or draft.

MESSAGE FROM THE GOVERNOR

March 12, 1984

Mr. President, Mr. Speaker and
Members of the Legislature
State Capitol
Lincoln, Nebraska 68509

Dear Mr. President and Senators:

This letter is written to establish what I believe is a reasonable plan in regards to this state's budget for Fiscal Year 1984-85. It is a plan which accomplishes two difficult and actively debated objectives:

1. It establishes a budget which is affordable by our citizens.
2. It distributes the expenditures so as to provide individual opportunity for all Nebraskans in the present and in a rapidly changing future.

It is a plan, moreover, which begins with the exceptional work of this Legislature's Appropriations Committee under the leadership of Senator Warner. With the $9,980,958 of spending reductions contained in their amendments, the level of recommended appropriation will be $814,091,320. I strongly urge this Legislature to advance this appropriation bill with those amendments.

It is a plan which attempts to answer the question of affordability in the following way. When I originally proposed a budget in January, I indicated that I believed we could afford $805,983,233 of base level appropriations including health insurance. I also recommended spending $42,607,188 for the purpose of enhancing education, water, and economic development, and for accelerating the takeover of Medicaid.

Today, based upon the general decline predicted in receipts and the specific reduction likely as a result of the franchise tax and the unitary tax decisions of the Nebraska Supreme Court, I no longer believe a spending level of $848,590,421 is affordable.

In addition, in January I recommended a 3% reserve. Today I believe a 5% reserve is necessary in order to be prudent in unpredictable economic times.

I believe that an overall spending amount of $818,000,000 with a 5% reserve is both affordable and prudent. We can achieve most of what Nebraskans want to accomplish next year with this expenditure level, and we can achieve it with a 19% income tax and 3 1/2% sales tax rate.

Several other things must occur to achieve this result:

1. I must line item veto the budget back to under $800 million dollars. I pledge to you I will make the difficult judgments needed to make these further reductions and will accept full responsibility for the actions taken.

2. This Legislature must enact at the level recommended by the Appropriations Committee:

LB 873 - The Driver's License Abstract Fee Increase
LB 811 - The Motor Vehicle Registration Fee Increase
LB 694 - The Drivers License Renewal Bill
LB 941 - The Alcohol Tax Increase
LB 827 - The Increase in DPI Charges for Institutional Care
LB 1127 - The Revision of Social Security Disability Payments

Failure to act on all of these items will add $9,981,373 to the tax revenue needed for this state's business.

3. This Legislature must enact LB 1124. We do not need and cannot afford an interim study. We are simply attempting to reestablish a unitary tax system that we had previously decided was fair, but which the court ruled invalid because of a technical problem in the statute. We have and will continue to work with affected corporations to achieve a reasonable solution.

But rest assured that even an interim study would not make everyone happy. There would still be people raising a "red flag" and saying we are anti-corporation and anti-development. We are neither. Passage of LB 1124 is consistent with our shared goal of tax fairness and equity.

Failure to pass LB 1124 will mean we will have to raise at least $5 million and probably $10 million of additional taxes from Nebraskans.

If we take those difficult and in most cases selectively unpopular actions, we will have available $18,000,000 to spend in ways consistent with the future needs of Nebraska. I propose the following allocation:

Funding for LB 994, including $10 million for teachers' stipends	$11,499,500
Water Development Fund in LB 1106	4,000,000
Economic Development Budget Proposals found in LB 1125 and LB 1126	730,000
Total	$16,229,500

This leaves slightly less than $2,000,000 for additional "A" Bills, as decided by this body.

This obviously does not provide as much for teachers' salaries as I had originally wanted. I remain passionately convinced that teachers; salaries must be raised and believe the goal of upper 10% in the nation is both reasonable and consistent with our high individual aspirations.

I intend to continue to take this argument to the people of this state, to sell the need to spend the $270 million it will take to reach this goal.

However, there does not appear to be the consensus necessary: among Nebraskans, their representatives, and the educational organizations to achieve the action needed this year. Moreover, the other revenue problems cited earlier have not made the task easier.

In short, I urge you to pass the needed reform in LB 994 and provide only the increases in education programs listed above.

There has been much debate about the need to provide property tax relief. I share your concern for attempting to reduce the proportion of the costs of government paid for with property taxes. This is a worthwhile and desirable goal; one made more complex by the recent Kearney Holiday Inn decision.

I urge you to continue these discussions as you have in the past, with an eye toward all factors and conditions in our economy. Do not ignore the state's difficulty funding its programs in light of our depressed agricultural economy. Do not ignore the Supreme Court's decisions on the unitary and franchise taxes which also impair our ability to generate needed revenues.

Further, we cannot ignore the tendency to say yes to all attempts to narrow the tax base. In the past, we have often used deductions and exemptions in our tax laws for economic and social good. I have yet to hear a proposal of this kind that did not in isolation "make sense."

Unfortunately, it is much more difficult to broaden the base of our taxing authority. Once we have exempted someone they are exempt forever. This makes it more difficult for those who are not exempt to pay for government. It also makes such things as property tax relief more difficult. I urge you in joining me in both resisting further narrowing and in judiciously exploring for fair and reasonable ways for expansion authority.

Finally, there is the question of the Commonwealth law suits. The State Claims Board has acted. The courts will soon act.

Contrary to the characterization by some, the proposal advanced by the State Claims Board to settle the Commonwealth matter is not a "bail out." It is simply a plan to satisfy the potential legal liability of the state in a manner which minimizes, over time, the cost to the state.

The policy decision for us is simple. Do we ignore the problem at this point, risking a determination of legal liability at a time when we will have lost any opportunity to fashion a settlement which minimizes the loss to the state?

Or, do we seize the opportunity now, as the State Claims Board and the Receiver have done, to fashion an innovative and creative solution which satisfies the legal liability while minimizing or even eliminating the ultimate cost to the state? I say we should follow this latter course.

It is extremely important that we separate the decision on the Commonwealth Plan from other budgetary questions. It is true that the initial costs of the Plan will require a tax increase, but the outlay will be made on a one-time basis only and will not affect the continuing budgetary obligations for future years.

If we lump this decision in with other budgetary issues, we will be making a serious mistake. First of all, we will impair our ability to clearly make and effectively defend decisions regarding the use of tax dollars for other efforts. Secondly, we will make it more difficult to see the Commonwealth decision in its correct light: opportunity to meet a high risk of legal liability with minimal ultimate costs to the state in a manner which restores the public's confidence in state government and our financial institutions.

Again let me compliment the Appropriations Committee for its work. Given the number of distractions this year, your efforts have been exceptional. They are a tribute to all of you.

And to the entire body, this is a confusing budget year. I respectfully urge you to consider the plan which I have today outlined.

Sincerely,
(Signed) ROBERT KERREY
Governor

8-907. The provisions of sections 8-905 and 8-906 shall not be construed to amend or repeal section 8-903 or to prohibit, limit, or restrict an out-of-state bank holding company, as defined in section 4 of this act, from acquiring or forming a bank for the purpose of acquiring an institution as provided in sections 8-1506 to 8-1510.

Sec. 4. As used in this section and sections 8-1506 to 8-1510, unless the context otherwise requires:

(1) Domestic bank holding company shall mean a bank holding company which has the majority of the total deposits of its bank subsidiaries within the State of Nebraska;

(2) Domestic financial institution shall mean a financial institution which is chartered and whose principal office is located in the State of Nebraska;

Sec. 5. That section 8-1506, Revised Statutes Supplement, 1983, be amended to read as follows:

8-1506. Whenever the Department of Banking and Finance determines the acquisition of any of the institutions under its supervision is necessary because its capital is impaired, it is conducting its business in an unsafe or unauthorized manner, or it is endangering the interest of depositors or savers, the Director of Banking and Finance may take immediate action in the case of an emergency so declared by the Governor, the Secretary of State, and the Director of Banking and Finance, without the benefit of a hearing, to take possession of and convert or merge the charter, form of ownership, or operating powers of any institution under the department's supervision into the charter, form of ownership, or operating powers of a bank or any institution under the department's supervision to facilitate the acquisition. Pursuant to this section, the director may take action to permit the acquisition of any of the assets or liabilities of any institution under the department's supervision by a bank or other financial institution to facilitate an emergency acquisition.

Sec. 6. That section 8-1507, Revised Statutes Supplement, 1983, be amended to read as follows:

Pursuant to section 8-1506, the Department of Banking and Finance may permit ~~cross- industry~~ acquisition by a domestic or out- of- state financial institution of any failing institution under its supervision or permit acquisition and operation of such ~~institutions~~ institution as a bank subsidiary by a domestic or out- of- state bank holding company when the department determines the acquisition of any of the institutions under its supervision is necessary because its capital is impaired, it is conducting its business in an unsafe or unauthorized manner, or it is endangering the interests of depositors or savers, except that no out- of- state financial institution shall be permitted to acquire a failing institution unless such failing institution is an industrial loan and investment company whose certificates of indebtedness are not insured, with assets in excess of twenty- five million dollars. Such acquisition may be cross- industry as provided within sections 8- 1506 to 8- 1510. If the acquiring institution is a bank, it may continue to operate such institution as a state institution under the respective Nebraska statutes notwithstanding its denomination as a bank subsidiary. Acquisitions by any financial institution under sections 8-1506 to 8-1510 shall be deemed to be of the same nature as an acquisition of a state-chartered bank and shall follow such rules or regulations established by the Director of Banking and Finance for acquisition of state-chartered banks by a bank holding company. In considering an application under this section, the director shall authorize transactions considering the following priorities:

(1) First, between institutions of the same type; and

(2) Second, between institutions of different types.

In considering an application from an out- of- state bank holding company or financial institution under this section, the director shall authorize transactions only if there is no pending written offer from a domestic bank holding company or financial institution with sufficient resources to acquire the failing institution on at least as favorable terms as those offered by the out- of- state bank holding company or financial institution.

Sec. 7. That original sections 8-903, 8-905, 8-907, 8-1506, and 8-1507, Revised Statutes Supplement, 1983, are repealed.

(2) The following provisions shall apply to any private, denominational, and parochial school in the State of Nebraska which elects not to meet state accreditation or approval requirements. Elections pursuant to this subsection shall be effective when a statement is received by the Commissioner of Education signed by the parents or legal guardians of all children attending such private, denominational, or parochial school stating that (a) the requirements for approval and accreditation required by law and the rules and regulations adopted and promulgated by the State Board of Education violate sincerely held religious beliefs or principles of conscience of the parents or legal guardians, (b) an authorized representative of such parents or legal guardians will at least annually submit the information necessary to prove that the requirements of subdivisions (i) to (iii) of this subsection are satisfied to the Commissioner of Education, (c) the school offers the courses of instruction required by this subsection and section 79- 328, and (d) the parents or legal guardians have satisfied themselves that individuals offering instruction at such school are qualified to offer instruction in the basic skills as required by this subsection and section 79- 328 and that such individuals have demonstrated an alternative competency to instruct or supervise children pursuant to this subsection. ATTORNEY GENERAL'S OPINION

Opinion No. 201
March 15, 1984

Dear Senator Rod Johnson:

You have asked whether section 10 of LB 762, as amended, which in turn amends the Nebraska Administrative Procedures Act, would run afoul of the recent United States Supreme Court decision concerning legislative vetoes.

Section 10(1) of LB 762, as amended, provides that an agency may waive certain requirements of the rule-making process in adopting particular rules. Subparagraph (3) of that section further provides that "(w)ithin two years after the effective date of a rule adopted under subsection (1) of this section, the chairperson of the Administrative Rules and Regulations Review Committee or the Governor may request the agency to hold a rule-making proceeding thereon according to the requirements of sections 3 to 9 of this act."

This provision was taken almost word for word from the Model Administrative Procedures Act of 1981. The drafters were aware of such concerns and noted in their comments that:

> Although arguable, such a power vested in a legislative committee or the governor or other persons is unlikely to be considered an undue delegation of legislative authority or a violation of separation of powers. Note in this regard the very limited effect of such a filed objection. The objection only forces the agency to engage in a standard rule-making proceeding. It does not prevent an agency from adopting such a rule of unlimited duration by usual procedures.

We concur in this analysis.

Likewise, having reviewed the Supreme Court Case concerning the invalidation of a specific legislative veto, Immigration & Naturalization

Service v. Chadha, No. 80-1832, __ U.S. __, 77 L.Ed. 2d 317, 103 S. Ct. __ (June 23, 1983), we do not believe that provisions here in question in any way violate the doctrine of separation of powers as set forth in that case. The procedure does not actually veto the administrative rule outright, rather the procedure merely causes the agency to review that rule and to comply with the standard rule-making procedures if the agency elects to retain that rule.

Sincerely,
PAUL L. DOUGLAS

ATTORNEY GENERAL'S OPINION

Opinion No. 200
March 8, 1984

RE: Board of Educational Lands and Funds

Dear Senator Haberman:

You have requested an opinion from our office concerning the authority of the Board of Educational Lands and Funds to pay interest on bonus money paid for leases, or to prorate the bonus over the term of the lease. It is our understanding that at present a person bidding on a lease must pay the entire bonus at the time of the sale of the lease at auction. Neb.Rev.Stat. §72-233.01 (Reissue 1981) provides in part that:

> In order for any person to be eligible to bid on a school land lease, he must file a bank draft, certified check or cash for each lease with the county treasurer of the county in which the land is located prior to the sale, payable to the Board of Educational Lands and Funds, equivalent to rental of the first year of the lease on each parcel or tract on which he contemplates bidding . . . The deposit of the acceptable bidder shall be applied either on the bonus bid or the rent for the first year. If the accepted bidder fails to pay either the bonus bid or rent for the first year of the lease, he shall forfeit the amount of the deposit and the Board of Educational Lands and Funds shall resubmit the land for bids and a new lease.

Similarly, Neb.Rev.Stat. §§72-308 and 72-309 provide for bids and bonus regarding leases of mineral rights; and Neb.Rev.Stat. §§72-901 and 72-902 involve oil and gas leases and the manner in which these leases are awarded based upon the amount of bonus.

Your first question is whether or not it would be legal for the Board to pay interest on bonus money, due to the fact that the bonus is collected in advance for the term of the lease. Implicit in your question is an assumption that bonus may be treated as a part of the yearly rental due the Board. However, the statutes previously referred to appear to treat bonus separate and distinct from the amount of the yearly rental. In essence, the yearly rental is previously established, prior to sale, and bonus is the method by which the lease is awarded to the highest bidder at auction. Accordingly, Neb.Rev.Stat. §72-233.01 provides that the deposit required to participate in the auction may be applied to either bonus or rent for the first year.

We find no statutory provisions for the Board to pay interest to a lessee on bonus. It is well established that the state holds the public school lands, including the income therefrom, as trustee. As such, it is the duty of the Board to obtain the maximum return for the trust estate from the trust properties under its control. Anderson v. Board of Educational Lands and Funds, 198 Neb. 793, 256 N.W.2d 318 (1977). Given the fact that the fiduciary duty imposed upon the Board requires it to obtain the highest price possible for all trust property, it is our opinion that the Board may not pay interest on bonus to a lessee under present statutes and case law. Id. Rather, the bonus should be considered as the amount paid to acquire the lease.

The second question which you have posed is whether or not it would be legal for the Board to prorate the bonus over the term of the lease. For example, a $12,000 bonus on a 12-year lease might be paid in annual installments of $1,000 each year. We do not find any specific statutory authority for such an arrangement. The applicable standard for administering the school trust is as follows: "It is the duty of the Board of Educational Lands and Funds, in its fiduciary capacity in handling school lands and funds committed to its care, to obtain a maximum return to the trust estate from trust properties under its control, subject to the taking of necessary precautions for the preservation of the trust estate." State ex rel. Raitt v. Peterson, 156 Neb. 678, 57 N.W.2d 280 (1953). The statutes dealing with bidding on leases and the payment of bonus appear to treat the two amounts separately. In State. v. Cooley, 156 Neb. 330, 56 N.W.2d 129 (1952), bonus is characterized as being "in addition to the rentals fixed by the lease." Similarly, in Anderson v. Board of Educational Lands and Funds, supra, the court noted that "After the sale, plaintiff made out and signed an application for a lease, and submitted with it his check in the amount of the first year's rent plus his bonus bid of $10,600."

It is therefore our conclusion that the present statutes dealing with bonuses and rental for the lease of school land do not authorize the Board either to pay interest on bonus bids or prorate the bonus over the term of the lease.

Very truly yours,

"Section 1. That section 79-4,102, Revised Statutes Supplement, 1982, be amended to read as follows:

79-4,102. (1) The county superintendent of each county in which a Class VI school is not maintained shall, within thirty days after the annual meeting, certify to the county board of supervisors or commissioners the number of qualified pupils whose parents or guardians have applied to the county superintendent for nonresident high school tuition privileges or special education requirements and a list of school districts and servicing agencies for handicapped pupils which have been approved by the State Board of Education as schools or service agencies qualified to grant nonresident public high school education or special education programs to nonresident pupils under the provisions of sections 79-494 to 79-4,106 for nonhandicapped pupils and under the provisions of sections 43-606 and 43-646~~,~~ for handicapped high school age pupils.

(2) The high school tuition rate for nonresident pupils shall be determined annually by the receiving school district on a uniform compensatory basis for all such pupils.

(3) For the purposes of this section: (a) Receiving school district shall mean the school district where a nonresident student attends school; and (b) compensatory basis shall mean on the basis of the costs of instructing the nonresident students incurred by the receiving school district.

(4) The superintendent of each receiving school district shall certify, on or before the second Monday in July of each year, to each county superintendent seeking its services, the nonresident high school tuition rate for nonhandicapped children for the ensuing school year. The rate shall not exceed one hundred twenty-five per cent of the sum which results from dividing the total annual cost of secondary instruction in the district, as stated in the most recent report to the State Department of Education, by the average daily membership of secondary students in attendance during the period included in such report made pursuant to the requirements of the State Board of Education and the department.

(5) Any taxpayer may appeal the actions of the county board of equalization in the manner provided in sections 77-1606 to 77-1610 for any decisions regarding the rate of tuition for nonresident secondary students. ~~The high school tuition rate for nonresident pupils shall be determined annually by the receiving district on a uniform taxation basis for the support of the high school program of the receiving district. (a) The calculation shall take from the most current annual term finance report of the receiving district on file with the State Department of Education the total current expense listed on line 294 under the secondary column and, when necessary, adjustments shall be made to reflect such expense for grades nine through twelve only, plus ten per cent depreciation listed on line 470 under the secondary column. (b) Such figure shall be divided by an amount equal to the most current total valuation on record with the county clerk of the receiving district plus the valuation determined by~~

~~multiplying the most current valuation on record with the county clerk of all Class I school districts, not part of any Class VI district, in the county times a ratio equal to the number of students from the county registered to attend the receiving district for the ensuing year to the total number of nonresident students registered in the county for the ensuing year. (c) The figure resulting from dividing the expenses in subdivision (a) of this subsection by the total valuation in subdivision (b) of this subsection shall determine a levy to be assessed against such total valuation determined in subdivision (b) of this subsection for the operation of the secondary level program.~~

~~The levy determined shall be multiplied by the proportion of the total valuation of the Class I school districts of each county served by the receiving district to determine the dollars to be raised by the Class I districts and the product of such computation shall be divided by the total number of nonresident pupils registered to attend the receiving district to determine the per pupil rate for nonhandicapped pupils. The rate to be certified by the receiving district for the ensuing school year may be any amount decided by the receiving board but not less than the per pupil cost and shall not exceed one hundred twenty-five per cent of the computed rate determined by this section. There shall be added to the certified rate an additional service rate for handicapped pupils as provided by the rules and regulations adopted and promulgated by the State Board of Education. The superintendent of the receiving school shall certify such high school tuition rate for nonresident pupils to the county superintendent on or before the second Monday of July in each year.~~

~~(3) Any taxpayer may appeal from the action of the county board of equalization in resident high school tuition in the manner provided in sections 77-1606 to 77-1610. The county treasurer, the county superintendent, and each school district receiving funds from the nonresident high school tuition affected by the appeal shall be necessary parties. If the taxpayer alleges that the levy for nonresident high school tuition is for an unlawful or unnecessary purpose or in excess of the requirements of the school district fixing nonresident high school tuition, such appeal shall not~~

~~in any manner suspend the collection of any tax, nor the duties of the officers relating to such tax collection while such appeal is pending. Notwithstanding the provisions of section 77-1606, such appeal shall not suspend or stay in any manner the distribution of nonresident high school tuition funds.~~

~~(4) A taxpayer initiating an appeal may, as a part of such appeal and without instituting a separate action, apply to the court for injunctive relief pursuant to the provisions of sections 25-1062 to 25-1080 to stay or suspend the distribution of nonresident high school tuition funds while the appeal is pending. If an appeal is brought under this subsection and the court orders the taxpayer to give security, such security shall be an amount sufficient to secure the party enjoined and any other necessary party the damages he, she, or it may sustain, if the court decides that the injunction was wrongfully granted.~~

Sec. 2. That original section 79-4,102, Revised Statutes Supplement, 1982, is repealed.

Sec. 3. Since an emergency exists, this act shall be in full force and take effect, from and after its passage and approval, according to law.".

Sec. 5. (1) On or before the thirtieth day prior to the first day of every calendar quarter, the Tax Commissioner shall compute for the next calendar quarter the amount of difference between the actual receipts from the taxes imposed in the preceding calendar quarter, pursuant to this section and sections 66- 410, 66- 428, 66- 473, 66- 477, and 66- 478, on motor vehicle fuel subject to the tax rate reduction provided in sections 66- 410 and 66- 428, and the estimated receipts from such taxes if the tax rate reduction provided in sections 66- 410 and 66- 428 and this section for such motor vehicle fuel were not in effect.

(3) In making the computations required by subsections (1) and (2) of this section, the Tax Commissioner shall, if necessary, adjust the computations for the next calendar quarter to account for the difference between the actual receipts from the taxes imposed in the preceding calendar quarter on such motor vehicle fuel pursuant to this section and sections 66- 410, 66- 428, 66- 473, 66- 477, and 66- 478 and the amount provided in section 6 of this act for the preceding calendar quarter.

‘Sec. 1. The necessary revenue of the state and its governmental subdivisions shall be raised by taxation in such manner as the Legislature may direct. Taxes shall be levied upon separate and distinct classes of property by valuation uniformly and proportionately upon each class and there shall be classes for land actively used for agriculture, land not used for agriculture, all improvements to real estate, and all other ~~all~~ tangible property and franchises, except that the Legislature may provide for a different method of taxing motor vehicles and may also establish a separate class of motor vehicles consisting of those owned and held for resale by motor vehicle dealers which shall be taxed in the manner and to the extent as provided by the Legislature and may also establish a separate class for trucks, trailers, semi-trailers, truck-tractors, or combinations thereof, consisting of those owned by residents and nonresidents of this state, and operating in interstate commerce, and may provide reciprocal and proportionate taxation of such vehicles; PROVIDED, that such tax proceeds from motor vehicles taxed in each county shall be allocated to the state, counties, townships, cities, villages, and school districts of such county in the same proportion that the levy of each bears to the total levy of said county on personal tangible property. The Legislature may enact laws to provide that the value of land actively devoted to agricultural or horticultural use shall, for property tax purposes, be that value which such land has for agricultural or horticultural use without regard to any value which such land might have for other purposes or uses, and prescribe standards and methods for the determination of the value of real or other tangible property at uniform and proportionate values. Taxes uniform as to class of property or the ownership or use thereof may be levied by valuation or otherwise upon classes of intangible property as the Legislature may determine, and such intangible property held in trust or otherwise for the purpose of funding pension, profit-sharing, or other employee benefit plans as defined by the Legislature may be declared to be exempt from taxation. Taxes, other than property taxes, may be authorized by law. Existing revenue laws shall continue in effect until changed by the Legislature. The Legislature may provide that livestock shall constitute a separate and distinct class of property for purposes of taxation and may further provide for reciprocal and proportionate taxation of livestock located in this state for only part of a year.

Sec. 13. Beginning January 1, 1985, the maximum amount of ad valorem tax levied on any homestead, as defined by the Legislature, for any taxable year shall not exceed one and one half per cent of the actual value of such property as determined by the assessment rolls, except for ad valorem taxes levied for retiring, refunding, or servicing indebtedness approved by the voters according to law. Such limitation may be increased by an affirmative vote of three- fourths of the members of the Legislature or, within a political subdivision, by a majority vote of the electors within such subdivision voting on such issue, except that any such increased limitation shall not be effective for more than one tax year after any such vote.'.

Sec. 2. The proposed amendment shall be submitted to the electors in the manner prescribed by Article XVI, section 1, of the Constitution of Nebraska. The proposition for the submission of the proposed amendment shall be placed upon the ballot in the following form:

ATTORNEY GENERAL'S OPINION

Opinion No. 203
March 20, 1984

RE: LB 744

Dear Senator Hoagland:

This is in reply to your inquiry of March 15, 1984, concerning LB 744, as amended by the Legislature and advanced to final reading the same date. Inasmuch as an official final reading copy is not yet available, this opinion is based upon a copy of LB 744 which purports to reflect amendments adopted as of March 15, 1984, and is attached hereto.

We will restate the questions in your letter and answer them in the order presented.

1. Does the bill prohibit the utilization of electronic video lottery devices, which have commonly been referred to as "video slot machines," to effectuate local lotteries as are now in operation in the City of Bellevue and other political subdivisions as of January 1, 1985?

ANSWER: Yes.

It is an established and accepted rule of statutory construction that a statute will generally be given its plain and ordinary meaning and will be open to construction only if it is ambiguous. Douglas County v. Board of Regents, 210 Neb. 573, 316 N.W.2d 62 (1982).

LB 744 is, in our opinion, clear and unambiguous that (1) a gambling device, as defined in Neb.Rev.Stat. §28-1101(5), as amended, includes the kinds of machines described in your question, and (2) a lottery, as defined in §28-1101(6), as amended, will not include machines as described in your question. Since existing statutes (§§28-1116 and 28-1116.01(Supp. 1983)) authorize lotteries only to be conducted by governmental subdivisions and the definition of lottery does not include these machines, the bill prohibits the use of such electronic video devices to carry out the lottery when authorized by the voters to be conducted by a city or other governmental subdivision.

2. Does the bill effectively place a freeze on any additional authorizations by political subdivision on the utilization of video slot machines on the effective date of the act?

ANSWER: The critical language pertinent to this question and questions 3 and 4 of your letter is contained in section 2 of LB 744 which provides:

> Any county, city, or village which has authorized, established, or is conducting a lottery which uses any mechanical gaming device, computer gaming device, electronic gaming device, or video gaming

> device on the effective date of this act may conduct such lottery only within the boundaries of such county or the corporate limits of such city or village until January 1, 1985, at which time such lottery shall be terminated.

(Emphasis added.)

The use of the word "or" in the second line of section 2 above may cause some doubt. This is so because the word "or," while not always used in the disjunctive, is usually so considered and that is its commonly accepted meaning. State ex rel. Finigan V. Norfolk Livestock Sales Co., 178 Neb. 87, 132 N.W.2d 302 (1964).

The stated intent of section 2 as it appeared before the Legislature in discussion of section 2 of LB 744 on March 15, 1984, is as follows:

> SENATOR HOAGLAND: What exactly do you intend in using the language, "authorized, established or conducting a lottery which uses any mechanical gaming device and so forth."
>
> SENATOR V. JOHNSON: Okay, my intention is very simple. Number (1), that the people, that prior to the effective date of 744, which if it passes with the emergency clause means sometimes next week, prior to that time, the people have voted to permit a governmental operated lottery. Secondly, the city council or the county board, as the case may be, has decided that one of the kinds of lotteries which is going to offer is the video lottery. Third that the county board or the city council as the case may be has issued contracts to establish such a lottery. That is it.
>
> SENATOR HOAGLAND: So if I understand you correctly, the governing board of the political subdivision has to actually have entered into a contract with a company that provides these electronic slot machines or video slot machines prior to the effective date of the act which if passed with the emergency clause will be the day after the governor's signature.
>
> SENATOR V. JOHNSON: That is correct.

Since the language of section 2 is somewhat ambiguous, a court could utilize the above discussion to ascertain intent. However, since the section has a time limit it is doubtful the courts could be effectively utilized in such a short time.

A rewording of section 2 more in keeping with the stated intent would simplify enforcement. Therefore, we conclude that the present language does not effectively place a freeze on additional authorizations of such devices.

3. Does the bill effectively require those political subdivisions that have authorized lotteries using such machines to conduct them only within their boundaries?

ANSWER: Yes.

The answer to this question is also contained in section 2 of the bill quoted above. We think it is clear that this effectively limits the use of the devices to the boundaries of the governmental subdivision involved.

4. Does the bill prohibit the use and operation of video slot machines in any locality other than those set out above, and if so, would law enforcement officials be authorized to seize such machines and prosecute the owner/operators thereof.

ANSWER: Yes.

The bill in conjunction with existing gambling statutes, such as Neb.Rev.Stat. §28-1102 (Reissue 1979) promoting gambling, and §28-1107 (Reissue 1979) possession of a gambling device, effectively outlaws the use of video slot machines, except as to the governmental subdivisions discussed under number 2.

Law enforcement officers have authority to search for and seize property used to violate the laws or which is evidence of such a violation, and to prosecute the owner, operator, possessor, transporter and others when such person or persons know the device will be used to advance unlawful gambling activity, or participate as a player.

Respectfully submitted,
PAUL L. DOUGLAS

(1) The territory embraced within the corporate limits of each incorporated city or village in the State of Nebraska, together with such additional territory and additions to such city or village as may be added thereto, as declared by ordinances to be boundaries of such city or village, having a population of more than one thousand and less than one hundred thousand inhabitants, including such adjacent territory as now is or hereafter may be attached for school purposes, shall constitute a school district of the third class and be known by the name of The School District of (name of city or village), in the county of (name of county), in the State of Nebraska. As such in that name, the district shall be a body corporate and possess all the usual powers of a corporation for public purposes, and in that name and style may sue and be sued, purchase, hold, and sell such personal and real estate~~,~~ and control such obligations as are authorized by law. The title to all school buildings or other property, real or personal, owned by any school district within the corporate limits of any city or village, shall, upon the organization of the district, vest immediately in the new district; and the board of education of the new district shall have exclusive control of the same for all purposes herein contemplated, except ~~; PROVIDED,~~ that ~~where~~ if the territory annexed by a change of boundaries of such city has been part of a Class IV~~,~~ or V~~,~~ ~~or VI~~ school district prior to such annexation, a merger of the annexed territory with the Class III school district shall become effective only if the merger is approved by a majority of the members of the board of education of the Class IV or V school district and a majority of the members of the board of education of the Class III school district within ninety days after the effective date of the annexation ordinance.

(2) Notwithstanding the provisions of subsection (1) of this section, when territory which lies within a Class III, VI, or Class I which is attached to a Class VI school district or which does not lie within a Class IV or V school district is annexed by a city or village pursuant to this section, the affected school board of the city or village district and the affected school board or boards serving the territory subject to the annexation ordinance shall meet within thirty days of the effective date of the annexation ordinance and negotiate in good faith as to which school district shall serve the annexed territory and the effective date of any transfer. During the process of negotiation, the affected school boards shall consider the following criteria:

(a) The educational needs of the students in the affected school districts;

(b) The economic impact upon the affected school districts;

(c) Any common interests between the annexed or platted area and the affected school districts and the community which has zoning jurisdiction over the area; and

(d) Community educational planning.

If no agreement has been reached within ninety days of the effective date of the annexation ordinance, the territory shall transfer to the school district of the annexing city or village ten days thereafter, unless an affected district petitions the district court within the ten- day period and obtains an order enjoining the transfer and requiring the school boards of the affected districts to continue negotiation. The court shall issue the order upon a finding that the affected school board or boards have not negotiated in good faith based on one or more of the criteria listed in this subsection. The district court shall require no bond or other surety as a condition for any preliminary injunctive relief. If no agreement is reached after such order by the district court and additional negotiations, the annexed territory shall become a part of the school district of the annexing city or village. ~~for more than one year prior thereto, having been annexed by petition, the question as to which district the annexed territory shall be part of shall be negotiated by the school boards of the school districts involved. If the majority of the members of each school board cannot reach agreement on such question within ninety days after the effective date of the city annexation ordinance, the question of which school district the annexed territory shall be a part of shall be placed on the ballot for the next primary or general election. The registered voters of all Class I districts which form the annexed territory shall then vote on the question at such election. When a city or village subject to this section annexes territory in which registered voters reside and which has been part of a Class III school district for more than one year prior thereto, the issue of whether the area annexed shall remain a part of its current school district or whether it shall become part of the school district of the annexing city or village shall be submitted to the registered voters of the area annexed. The issue may be submitted at a primary, general, or special election. The election shall be conducted in the same manner, as nearly as possible, as other elections in such school district are conducted. Notice of the election to be held pursuant to this section shall be published at least once each week for three weeks prior to the election. The governing board of the school district of the annexing city or village shall call for the election and shall pay the costs of such election. A simple majority of votes cast shall resolve the issue.~~

(3) If, within the boundaries of the annexed territory, there exists a Class VI school, the school building, facilities, and land owned by the school district shall remain a part of the Class VI school district. ~~notwithstanding any action taken by the school boards and notwithstanding the result of such election.~~

If the Class VI school district from which territory is being annexed wishes to dispose of such school building, facilities, or land to any individual or political subdivision, including a Class I school district, the question of such disposition shall be placed on the ballot for the next primary or general election. All registered voters of such Class VI school district shall then vote on the question at such election. A simple majority of the votes cast shall resolve the issue.

(4) Whenever an application for approval of a final plat or replat is filed for territory which lies within the zoning jurisdiction of a city of the first or second class and does not lie within the boundaries of a Class IV or V school district, the affected school board of the city district or their representative and the affected school board or boards serving the territory subject to the final plat or replat or their representative shall meet within thirty days of such application and negotiate in good faith as to which district shall serve the platted or replatted territory and the effective date of any transfer based upon the criteria prescribed in subsection (2) of this section.

If no agreement has been reached prior to the approval of the final plat or replat, the territory shall transfer to the school district of the city of the first or second class upon the filing of the final plat, unless an affected district petitions the district court within ten days of approval of the final plat or replat and obtains an order enjoining the transfer and requiring the affected school boards to continue negotiation. The court shall issue the order upon a finding that the affected board or boards have not negotiated in good faith based on one or more of the criteria listed in subsection (2) of this section. The district court shall require no bond or other surety as a condition for any preliminary injunctive relief. If no agreement is reached after such order by the district court and additional negotiations, the platted or replatted territory shall become a part of the school district of the city of the first or second class.

(5) Notwithstanding any other provisions of this section, all negotiated agreements relative to boundaries or to real or personal property of school districts reached by the affected boards of education shall be valid and binding.

~~(2) Notwithstanding subsection (1) of this section or section 79- 801.02, no annexation by a city or village encompassed within any Class III school district, which annexation occurs after April 26, 1983, but before August 15, 1984, shall operate to change any~~

~~school district boundaries in the area annexed, nor shall any election prescribed by subsection (1) of this section be held after April 26, 1983, but before August 15, 1984. Nothing in this section shall prevent the boards of education of annexing and annexed school districts affected by such annexation by a majority vote of the members of such boards from entering into an agreement concerning any boundary changes and disposition of property. For annexations occurring on or after August 15, 1984, the provisions of this subsection shall be null and void and shall have no effect. Any changes in school district boundaries which would otherwise occur as a result of annexations occurring after April 26, 1983, but before August 15, 1984, shall be governed by the provisions of applicable law as such may exist after August 15, 1984.~~

Sec. 2. That original section 79-801, Revised Statutes Supplement, 1983, is repealed.”.

stability in funding and the ability to implement currently planned programs and plan future programs for the maintenance and construction of city streets, county roads, and state highways in this state, it is the purpose of sections 4 to 6 of this act to restrict to a certain amount the loss of revenue due to the tax rate reduction provided in sections 66-410 and 66-428 for agricultural ethyl alcohol produced in the State of Nebraska for use as a motor vehicle fuel and for motor vehicle fuel containing a minimum of ten per cent blend of agricultural ethyl alcohol whose purity is at least ninety-nine per cent alcohol, excluding denaturant.

Sec. 5. (1) On or before the thirtieth day prior to the first day of every calendar quarter, the Tax Commissioner shall compute for the next calendar quarter the amount of difference between the actual receipts from the taxes imposed in the preceding calendar quarter, pursuant to this section and sections 66-410, 66-428, 66-473, 66-477, and 66-478, on motor vehicle fuel subject to the tax rate reduction provided in sections 66-410 and 66-428, and the estimated receipts from such taxes if the tax rate reduction provided in sections 66-410 and 66-428 and this section for such motor vehicle fuel were not in effect.

(2) If the amount of difference computed pursuant to subsection (1) of this section exceeds the amount provided in section 6 of this act for the next calendar quarter, the Tax Commissioner shall compute a tax rate reduction per gallon, set in increments of one-tenth of one cent, except that in no case shall the tax rate reduction be more than four cents per gallon, for such motor vehicle fuel which would limit the amount of difference to no more than the amount provided in section 6 of this act for the next calendar quarter, taking into consideration any adjustments made pursuant to subsection (3) of this section. Such tax rate reduction shall apply for the next calendar quarter to all such motor vehicle fuel instead of the tax rate reduction provided in sections 66-410 and 66-428.

(3) In making the computations required by subsections (1) and (2) of this section, the Tax Commissioner shall, if necessary, adjust the computations for the next calendar quarter to account for the difference between the actual receipts from the taxes imposed in the preceding calendar quarter on such

motor vehicle fuel pursuant to this section and sections 66-410, 66-428, 66-473, 66-477, and 66-478 and the amount provided in section 6 of this act for the preceding calendar quarter.

(4) The tax rate reduction computed pursuant to this section shall be distributed to all licensed motor vehicle fuel dealers at least five days prior to the first day of any calendar quarter during which the tax rate reduction is to be adjusted. Such tax rate reduction shall be utilized in computing the tax due for the period specified by the Tax Commissioner.

Messrs. Remmers and Sieck asked unanimous consent to print the following amendment to LB 444 in the Journal. No objections. So ordered.

AM2373

1. Strike the original sections and all amendments thereto and insert the following new sections:

"Section 1. This act shall be known and may be cited as the Public Education Income Tax Act.

Sec. 2. For all taxable years beginning on or after January 1, 1985, in addition to the tax imposed by sections 77-2714 to 77-27,135, a public education income tax is hereby imposed for each taxable year on the income of individuals, trusts, estates, and corporations. The tax shall be a flat percentage of:

(1) For each resident individual, the taxpayer's federal adjusted gross income for the taxable year;

(2) For each nonresident individual, the taxpayer's federal adjusted gross income for the taxable year which is attributable to income derived from sources within this state;

(3) For each resident trust or estate, the taxpayer's federal taxable income for the taxable year;

(4) For each nonresident trust or estate, the taxpayer's federal taxable income for the taxable year which is attributable to income derived from sources within this state; and

(5) For each corporation, the taxpayer's federal taxable income for the taxable year which is attributable to income derived from sources within this state.

There shall be subtracted from the amounts specified in subdivisions (1) through (5) of this act all income exempt from taxation by state government due to federal law.

For any taxpayer whose taxable year does not coincide with the calendar year, the rate initially set shall also apply for the period from January 1, 1985, to the last day of the taxpayer's then current taxable year. In each subsequent tax year such taxpayer shall pay the tax at the rate in effect on the first day of such tax year.

Sec. 3. The Department of Revenue shall have the responsibility for the collection and enforcement of the tax levied by section 2 of this act. The pertinent provisions of sections 77-2714 to 77-27,135 shall apply to the Public Education Income Tax Act, except as modified or when otherwise inconsistent with the act, regarding the determination of income subject to tax, the definitions of terms, the filing of returns, the withholding and payment of estimated tax, the collection and enforcement of the tax, and other matters arising out of the provisions of the act. The tax shall be made a part of, or shall be incorporated into, the state income tax return.

Sec. 4. (1) The public education income tax rate shall be a statewide uniform rate for all taxpayers subject to the public education income tax. The tax rate shall be determined by the State Board of Education on or before December 1 of each year for the taxable year beginning in the subsequent calendar year. The rate shall be determined by dividing one half of the total state and local school district revenue by the total federal adjusted gross income of resident individuals, using such figures from the most recent year both figures are available. The board shall then immediately notify the Department of Revenue of the public education income tax rate for the subsequent taxable year.

(2) For purposes of this section and section 7 of this act:

(a) Total state and local school district revenue shall mean the sum of all local school district taxes and all state and to schools as reported by school districts on lines 1 and 28 of the annual financial reports, and such report appears on the effective date of this act, submitted to the State Department of Education;

(b) Average per pupil revenue shall mean an amount equal to the total revenue of a school district as reported on lines 1 and 28 of the annual financial report, as such report appears on the effective date of this act, divided by total enrollment identified in the full school district enrollment report for the same year as the annual financial report; and

(c) Statewide average per pupil revenue shall mean total state and local school district revenue divided by the total enrollment of all districts as reported in the full school district enrollment reports submitted to the State Department of Education.

Sec. 5. The Department of Revenue shall collect the public education income tax concurrently with collection of the state income tax in the same manner as the state income tax is collected. The Department of Revenue shall remit monthly the proceeds of the public education income tax from resident individuals to the school district in which the taxpayer is a resident, after deducting amounts for necessary refunds. In the case of a Class I school district proceeds of the public education income tax collected from resident individuals in such district shall be returned to the district to be used to pay for secondary education tuition costs charged to the district.

Sec. 6. The Public Education Finance Fund is hereby created. The fund shall consist of the proceeds of the public education income tax from trusts, estates, corporations, nonresident individuals, resident individuals for which a school district of residency cannot be determined, and such additional sums as are appropriated by the Legislature. The money in such fund, after deducting amounts for necessary refunds, shall be distributed to school districts pursuant to section 7 of this act.

Sec. 7. (1) No school district shall receive funds from the Public Education Finance Fund unless the school district's property tax rate equals or exceeds the state average school district property tax rate. If a school district's property tax rate equals or exceeds the state average school district property tax rate, then the school district may receive from the Public Education Finance Fund the amount by which the statewide average per pupil revenue, or the school district's average per pupil revenue, whichever is determined by the Department of Education to be less, multiplied by the school district's enrollment, as identified in the fall school district enrollment report, exceeds the total amount of funds received by the school district from the public education income tax on resident individuals plus an amount equal to the state average school district property tax levy multiplied by the valuation of property in the district.

(2) The State Department of Education shall on or before September 1 of each year determine the state average school district property tax rate by dividing the total state revenue school district as defined in section 4 of this act, for the preceding school year by the total actual value of property subject to property tax in this state for the preceding calendar year.

Sec. 8. The amount of funds to be received from the Public Education Finance Fund by each school district qualifying under section 7 of this act shall be distributed to such school districts in two equal payments each fiscal year beginning in September 1985 and February 1986 and each September and February thereafter.

Sec. 9. Section 10 of this act shall become operative on July 1, 1985.

Sec. 10. That sections 79-1330 to 79-1332 and 79-1333.02 to 79-1344.01, Reissue Revised Statutes of Nebraska, 1943, sections 79-1332.01 and 79-1333.01, Revised Statutes Supplement, 1982, and section 79-1333, Revised Statutes Supplement, 1983, are repealed.".

AM2583
(Amendments to The Beyer Amendment, AM2524)

1. On page 1, line 3, after the period insert "That section 9-403, Uniform Commercial Code, as amended by section 10, Legislative Bill 808, Eighty-eighth Legislature, Second Session, 1984, be amended to read as follows:

9-403. What constitutes filing; duration of filing; effect of lapsed filing; duties of filing officer; uniform fees; fee distribution.

(1) Presentation for filing of a financing statement and tender of the filing fee or acceptance of the statement by the filing officer constitutes filing under this article.

(2) Except as provided in subsection (6) a filed financing statement is effective for a period of five years from the date of filing. The effectiveness of a filed financing statement lapses on the expiration of the five year period unless a continuation statement is filed prior to the lapse. If a security interest perfected by filing exists at the time insolvency proceedings are commenced by or against the debtor, the security interest remains perfected until termination of the insolvency proceedings and thereafter for a period of sixty days or until expiration of the five year period, whichever occurs later. Upon lapse the security interest becomes unperfected, unless it is perfected without filing. If the security interest becomes

unperfected upon lapse, it is deemed to have been unperfected as against a person who became a purchaser or lien creditor before lapse.

(3) A continuation statement may be filed by the secured party within six months prior to the expiration of the five year period specified in subsection (2). Any such continuation statement must be signed by the secured party, identify the original statement by file number and state that the original statement is still effective. A continuation statement signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with subsection (2) of section 9-405, including payment of the required fee. Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for five years after the last date to which the filing was effective whereupon it lapses in the same manner as provided in subsection (2) unless another continuation statement is filed prior to such lapse. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original statement.

(4) Except as provided in subsection (7) a filing officer shall mark each statement with a consecutive file number and with the date and hour of filing and shall hold the statement or a microfilm or other photographic copy thereof for public inspection. In addition the filing officer shall index the statements according to the name of the debtor and shall note in the index the file number and the address of the debtor given in the statement.

(5) The uniform fee for filing and indexing and for stamping a copy furnished by the secured party to show the date and place of filing for an original financing statement, an amendment, a separate statement of assignment, a continuation statement, a partial release, or a full release shall be five dollars. There shall be no fee for the filing of a termination statement. The uniform fee for each name more than one required to be indexed shall be three dollars. The secured party may at his or her option show a trade name for any person and an extra uniform indexing fee of three dollars shall be paid with respect thereto. The uniform fee for filing and indexing and for stamping a copy furnished by a lienholder to show the date and place of filing of a lien or an amendment, a separate statement of assignment, a certificate of discharge or subordination, a notice, a certificate of release or nonattachment, partial release, or full release of a lien filed pursuant to Chapter 52, article 2, 5, 7, 9, 10, or 11, or Chapter 54, article 2, shall be five

dollars.

(6) If the debtor is a transmitting utility (subsection (5) of section 9-401) and a filed financing statement so states, it is effective until a termination statement is filed. A real estate mortgage which is effective as a fixture filing under subsection (6) of section 9-402 remains effective as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real estate.

(7) When a financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 9-103, or is filed as a fixture filing, it shall be filed for record and the filing officer shall index it under the names of the debtor and any owner of record shown on the financing statement in the same fashion as if they were the mortgagors in a mortgage of the real estate described, and, to the extent that the law of this state provides for indexing of mortgages under the name of the mortgagee, under the name of the secured party as if he or she were the mortgagee thereunder, or where indexing is by description in the same fashion as if the financing statement were a mortgage of the real estate described.

(8) The provisions of subsections (2) and (3) of this section shall not apply to mortgages or deeds of trust and instruments supplementary or amendatory thereto covering real estate as well as personal property where such property constitutes a portion of the property used in carrying on the business of a public utility or a gas or oil pipeline system and which are executed to secure the payment of money. The lien of such mortgages or deeds of trust and amendments and supplements thereto shall continue in force and effect as to the personal property described therein, together with any interest of the mortgagor in real estate therein described even if the same has been on file five years or more. The instruments filed shall disclose that the mortgagor or grantor therein is then carrying on the business of a public utility or an oil or gas pipeline system or such fact shall be disclosed by an affidavit of the mortgagor or grantor to that effect filed for record with the county clerk.

(Amendments to the Final Reading Copy)

1. On page 1, line 1, strike "section" and insert "sections" and after "79-445" insert "and 79-4,102"; and in line 3 after "to" insert "computation and".

2. Insert the following new section:

"Sec. 2. That section 79-4,102, Revised Statutes Supplement, 1982, be amended to read as follows:

79-4,102. (1) The county superintendent of each county in which a Class VI school is not maintained shall, within thirty days after the annual meeting, certify to the county board of supervisors or commissioners the number of qualified pupils whose parents or guardians have applied to the county superintendent for nonresident high school tuition privileges or special education requirements and a list of school districts and servicing agencies for handicapped pupils which have been approved by the State Board of Education as schools or service agencies qualified to grant nonresident public high school education or special education programs to nonresident pupils under the provisions of sections 79-494 to 79-4,106 for nonhandicapped pupils and under the provisions of sections 43-606 and 43-646~~,~~ for handicapped high school age pupils.

(2) The high school tuition rate for nonresident pupils shall be determined annually by the ~~receiving district~~ finance division of the State Department of Education on a uniform taxation basis for the support of the high school program of the receiving district. Based on data provided to the State Department of Education pursuant to the requirements of sections 79-451, 79-1331, and 79-1333.02, data identifying the residence of enrolled nonresident students provided by the county superintendents, and such other data necessary to complete the calculations required by this section, the high school tuition charge shall be determined as follows:

(a) The total current expense of the receiving district as shown under the secondary column on the most recent annual term summary report on file with the State Department of Education, for operations supporting the program in grades nine through twelve only, and when necessary, adjustments shall be made to reflect such expenses for grades nine through twelve, based on the weighted values per grade level established in section 79-1334, shall be determined

;(b) A combined valuation tax base shall be established from data on file with the county assessors and the Department of Revenue, based on the sum of the total current valuation of the receiving district and a proportionate share of the current valuation of all Class I school districts not a part of any Class VI school district in each county where nonresident students registered to attend the receiving district for the ensuing school year reside. The receiving district's proportionate share of Class I district valuation shall be determined by multiplying the total current valuation of Class I districts not a part of any Class VI district in each county times a ratio equal to the total number of nonresident students from each such county who have registered to attend the receiving district for the immediately preceding five-year period for which enrollment data is available compared to the total number of nonresident students who have registered in each such county for the immediately preceding five-year period

(c) The receiving district's proportionate share of Class I valuation, determined in subdivision (b) of this subsection, shall be divided by the combined valuation tax base, determined in subdivision (b) of this subsection, to derive a percentage. Such percentage shall be multiplied by the total current expense figure of the receiving district, determined in subdivision (a) of the subsection, to arrive at a figure representing the nonresident students' unadjusted share of operational expense. To such share shall be added a facility rental charge equal to ten per cent of the insurable or present value of the school plant and equipment used in support of the program operated in grades nine through twelve multiplied by the per cent equal to the number of nonresident students who have registered to attend the receiving district for the immediately preceding five- year period for which enrollment data is available divided by the total enrollment of the receiving district in grades nine through twelve for such five- year period

(d) The total current charge for nonresident high school students, determined in subdivision (c) of this section, shall be adjusted to reflect increasing or decreasing costs. The total current charge for nonresident students shall be multiplied by the annual cost of education index to be established by the State Department of Education. Such index shall be based on the average of the annual increases and decreases in the total disbursements in support of the operation of the public schools during the immediately preceding five- year period for which such information is available. The cost of education index shall be computed annually pursuant to guidelines established in the rules and regulations adopted and promulgated by the State Board of Education

(e) There shall be added to the adjusted nonresident tuition charge, determined in subdivision (d) of this subsection, an additional service charge for handicapped pupils as provided by the rules and regulations adopted and promulgated by the State Board of Education pursuant to section 43- 660 and

(f) The State Department of Education shall certify such total high school tuition charge to the receiving district which may reduce such charge to any amount decided by the receiving district's school board or board of education, except that such amount shall not be less than the per pupil cost in the district as stated in the immediately preceding annual term finance report on file with the State Department of Education. The superintendent of the receiving district shall certify the nonresident high school tuition charge to the county superintendent for transmittal to the county treasurer and each receiving district on or before March 31 of each year.~~(a) The calculation shall take from the most current annual term finance report of the receiving district on file with the State Department of Education the total current expense listed on line 294 under the secondary column and, when necessary, adjustments shall be made to reflect such expense for grades nine through twelve only, plus ten per cent depreciation listed on line 470 under the secondary column. (b) Such figure shall be divided by an amount equal to the most current total valuation on record with the county clerk of the receiving district plus the valuation determined by multiplying the most current valuation on record with the county clerk of all Class I school districts, not part of any Class VI district, in the county times a ratio equal to the number of students from the county registered to attend the receiving district for the ensuing year to the total number of nonresident students registered in the county for the ensuing year. (c) The figure resulting from dividing the expenses in subdivision (a) of this subsection by the total valuation in subdivision (b) of this subsection shall determine a levy to be assessed against such total valuation determined in subdivision (b) of this subsection for the operation of the secondary level program.~~

~~The levy determined shall be multiplied by the proportion of the total valuation of the Class I school districts of each county served by the receiving district to determine the dollars to be raised by the Class I districts and the product of such computation shall be divided by the total number of nonresident pupils registered to attend the receiving district to determine the per pupil rate for nonhandicapped pupils. The rate to be certified by the receiving district for the ensuing school year may be any amount decided by the receiving board but not less than the per pupil cost and shall not exceed one hundred twenty-five per cent of the computed rate determined by this section. There shall be added to the certified rate an additional service rate for handicapped pupils as provided by the rules and regulations adopted and promulgated by the State Board of Education. The superintendent of the receiving school shall certify such high school tuition rate for nonresident pupils to the county superintendent on or before the second Monday of July in each year.~~

(3) Any taxpayer may appeal from the action of the county board of equalization in resident high school tuition in the manner provided in sections 77-1606 to 77-1610. The county treasurer, the county superintendent, and each school district receiving funds from the nonresident high school tuition affected by the

appeal shall be necessary parties. If the taxpayer alleges that the levy for nonresident high school tuition is for an unlawful or unnecessary purpose or in excess of the requirements of the school district fixing nonresident high school tuition, such appeal shall not in any manner suspend the collection of any tax~~,~~ nor the duties of the officers relating to such tax collection while such appeal is pending. Notwithstanding the provisions of section 77-1606, such appeal shall not suspend or stay in any manner the distribution of nonresident high school tuition funds.

(4) A taxpayer initiating an appeal may, as a part of such appeal and without instituting a separate action, apply to the court for injunctive relief pursuant to the provisions of sections 25-1062 to 25-1080 to stay or suspend the distribution of nonresident high school tuition funds while the appeal is pending. If an appeal is brought under this subsection and the court orders the taxpayer to give security, such security shall be an amount sufficient to secure the party enjoined and any other necessary party the damages he, she, or it may sustain, if the court decides that the injunction was wrongfully granted.".

3. On page 3, line 24, strike "2" and insert "3", strike "section" and insert "sections", and after "79-445" insert "and 79-4,102"; and in line 25 strike "is" and insert "are".

"Sec. 4. That section 77-2734, Revised Statutes Supplement, 1983, be amended to read as follows:

77-2734. (1) A tax is hereby imposed for each taxable year on the taxable income derived from sources within this state of any corporation or any other entity taxed as a corporation under the Internal Revenue Code whose business within this state during the taxable year consists exclusively of foreign commerce, interstate commerce, or both, at a rate equal to ~~twenty-five~~ twenty-eight per cent of the rate imposed on individuals under section 77-2715 on the first fifty thousand dollars of taxable income, and at the rate of ~~thirty-five~~ forty per cent of such rate on all taxable income in excess of fifty thousand dollars. For any taxpayer subject to this section whose fiscal year does not coincide with the calendar year, the rate initially set shall also apply for the period from January 1, 1968, to the last day of its then current fiscal year.

(2) Except as provided in subsection (1) of this section, for the privilege of exercising its

franchise or doing business in this state in a corporate capacity, there is hereby imposed a franchise tax on each corporation or any other entity taxed as a corporation under the Internal Revenue Code according to or measured by its entire net income derived from all sources within this state for the taxable year at the rates imposed under subsection (1) of this section. For the purposes of this subsection the taxpayer's entire net income shall be its federal taxable income derived from sources within this state as determined pursuant to sections 77-2735 to 77-2749, the State of Nebraska hereby adopting method numbered (4) authorized by section 5219, United States Revised Statutes, as amended, 12 USC 548, for state taxation of national banking associations. The tax imposed by this subsection on national banking associations shall be in lieu of all taxes imposed by this state on national banking associations to the extent it is not permissible to tax such associations under federal law. For the purpose of computing the franchise or income tax levied in this section, the net income of cooperative organizations shall be the entire net income derived from all sources within this state, excluding distributions of earnings and profits of the cooperative to members or patrons such as dividends paid on capital stock, nonpatronage income allocated to patrons, or patronage dividends attributable to this state as shall be excludable or deductible by such corporation for federal income tax purposes. All provisions of sections 77-2714 to 77-27,124 relating to taxation of corporations shall apply to franchise taxes or income taxes imposed under this section unless the context requires otherwise.

(3)(a) A small business corporation having an election in effect under subchapter S of the Internal Revenue Code shall not be subject to the Nebraska income tax or franchise tax on corporations.

(b) The shareholders of such corporation who are residents of Nebraska shall include in their incomes their proportionate share of such corporation's federal taxable income.

(c) If any shareholder of such corporation is a nonresident during any part of the corporation's taxable year, he or she shall file a Nebraska income tax return and shall include in Nebraska adjusted gross income that portion of the corporation's Nebraska income, as determined under the provisions of sections 77-2735 to 77-2749, allocable to his or her interest in the corporation. He or she shall execute and forward to the corporation, before the original due date of the Nebraska corporate return, an agreement which states that he or she will file a Nebraska income tax return and pay income tax on all income derived from or connected with sources in this state, and such agreement shall be attached to the corporation's Nebraska return for such taxable year.

(d) In the absence of the nonresident shareholder's executed agreement being attached to the Nebraska corporate return, the corporation shall remit a portion of his or her share of the corporation's taxable income which was derived from or attributable to this state, which portion shall be ten per cent of the nonresident shareholder's share of the corporation's income which was derived from or attributable to sources within this state.

(e) The Tax Commissioner may require a nonresident shareholder to file a Nebraska income tax return even though his or her only source of Nebraska income was his or her share of the corporation's income which was derived from or attributable to sources within this state, and the amount of remittance by the corporation on behalf of such nonresident shareholder shall be allowed as a credit against his or her Nebraska income tax liability.

Sec. 7. That original section 77-2734, Revised Statutes Supplement, 1983, is repealed.".

LEGISLATIVE BILL 112A. By V. Johnson, 8th District

A BILL FOR AN ACT to appropriate funds to aid in carrying out the provisions of Legislative Bill 112, Eighty-eighth Legislature, Second Session, 1984.

RESOLUTION

LEGISLATIVE RESOLUTION 315.

Introduced by Pappas, 42nd District.

PURPOSE: With the virtual elimination of federal financial support for low-income housing, and the rehabilitation of existing low-income housing, Nebraska will be increasingly expected to provide ways for low-income families to obtain affordable housing.

The purpose of this resolution is to study the possibility of creating a Housing Trust Fund, which would use the interest earned on real estate escrow accounts to provide capital for low and moderate income housing. The study should address the amount of money which might be available to such a fund, the most effective ways of collecting such interest, the persons and firms which now receive such interest, and the possible ways to use this money to provide low-income housing capital.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or the Legislature.

Referred to the Executive Board.

ATTORNEY GENERAL'S OPINION

Opinion No. 204
March 27, 1984

Dear Senator Withem:

In your letter of March 21, 1984 you asked what happens with regard to the maintenance of improvements constructed by a sanitary and improvement district in the event the district is dissolved without being annexed by a municipality or merged with a neighboring district. You inform us that you ask because, depending upon our answer, you may propose an amendment to a pending bill, if it appears that the matter needs to be clarified.

Neb.Rev.Stat. §31-767 (Supp. 1982), deals with the dissolution of an S.I.D. It provides that if the board of trustees desires such a dissolution, it shall propose a resolution to that effect, and shall set a time and place for considering the adoption of the resolution. Notice shall be published in the county, as provided by the statute, and a copy of it is to be mailed to any municipality in which any part of the district lies. Property owners or interested municipalities may appear and object. If owners representing a majority of the area of real estate within the district fail to sign a petition opposing the dissolution, the board may adopt the dissolution resolution, except that the board may not do so unless the holders of any bonds, warrants, or other debts or obligations of the district consent.

The section contains no provision about the maintenance of the improvements of the district after its dissolution. We have looked at the other sections found in Article 7, Chapter 31 of the statutes, and have found nothing pertinent. We therefore conclude that the statutes do not answer your question, and it would be pure speculation on our part as to what the courts would do, if faced with that situation. We find no cases in which the Supreme Court of Nebraska has considered the matter, so we are not prepared to say what the rights of the property owners in such a dissolved district would be.

Very truly yours,
PAUL L. DOUGLAS
Attorney General

RESOLUTION

LEGISLATIVE RESOLUTION 316.

Introduced by Pappas, 42nd District.

PURPOSE: The purpose of this resolution is to study the feasibility of the Nebraska Educational Television station becoming two separate entities: (1) An organizational entity geared to the telecommunications aspects of the field, providing instructional services and state agency contract work and (2) a traditional broadcasting organization.

Both entities would work independently of each other with separate staff and budgets. The study would encompass the cost effectiveness of this proposal and the effectiveness of creating two separate entities. Because NETV has completely separate and diverse functions in serving the State of Nebraska, an interim study would reveal whether the station would have a more workable organization by separating the two functions.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

RESOLUTIONS

LEGISLATIVE RESOLUTION 317.

Introduced by Beutler, 28th District.

PURPOSE: The purpose of this resolution is to study the effectiveness of current statutes concerning theft, fraud or other unlawful activities carried out by the use of computers or other high technology devices. Since computers are vital to the activities of modern society, including research and development in science and industry, the storage, processing and transmission of phenomenal amounts of data, and the transfer of billions of dollars daily by commercial enterprises, appropriate laws are necessary to protect computer users. The development and maintenance of high technology industry in this state require proper laws to foster and protect such tehnology.

In order to accomplish this purpose the following topics shall be studied:

1) The nature and extent of computer crime;

2) The applicability and adequacy of current laws to regulate computer use and penalize computer crime;

3) Laws used in other jurisdictions to control computer crime;

4) Any other matters necessary for a complete analysis of this issue.

Now, therefore, be it resolved by the members of the eighty-eighth Legislature of Nebraska, Second Session:

1. That the Judiciary Committee of the Legislature be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the Judiciary Committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 318.

Introduced by Beutler, 28th District.

PURPOSE: The purpose of this interim study is to examine the basic purposes, policies and goals of corrections, sentencing and parole in Nebraska. To accomplish this purpose this study may include but not be limited to the following topics:

1) Deterrent and rehabilitative effects of various methods of sentencing, parole and corrections;
2) Sentencing, parole and corrections procedures in other jurisdictions;
3) Determinate and indeterminate sentencing;
4) Methods of reducing the cost of incarceration;
5) Alternative sentencing, including restitution and community service;
6) Parole board functions;
7) Good time provisions;
8) Criminal law and law enforcement and their effect on sentencing and corrections;
9) Any other matters necessary for a complete analysis of this issue.

Now, therefore, be it resolved by the members of the eighty-eighth Legislature of Nebraska, Second Session:

1. That the Judiciary Committee of the Legislature be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the Judiciary Committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 319.

Introduced by Beutler, 28th District.

PURPOSE: The purpose of this interim study is to examine the feasibility of establishing or expanding employment opportunities for offenders incarcerated in Nebraska penal institutions. Inmates, correctional officials and scholars in the field cite many problems which stem from idleness of offenders. It is believed that providing inmates with work opportunities would help create appropriate habits for reentry into society and have a rehabilitative effect. Such activities may be able to provide products or services of value which can be used to reduce the spiraling costs of incarceration. In order to accomplish this purpose the study shall include but not be limited to the following topics:

1) The feasibility of establishing industries, farms or other enterprises in penal institutions to employ offenders;

2) The fiscal impact of establishing such enterprises;

3) The effect of establishing such enterprises upon the private sector;

4) The feasibility of contracting with private enterprises to conduct operations on the grounds of penal institutions or employ offenders outside of such institutions;

5) Utility or marketing of products made in institutions;

6) Training of offenders in marketable skills;

7) Psychological or rehabilitative effects of employment of offenders;

8) Any other items necessary for a complete analysis of this issue.

Now, therefore, be it resolved by the members of the eighty-eighth Legislature of Nebraska, Second Session:

1. That the Judiciary Committee of the Legislature be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the Judiciary Committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 320.

Introduced by Beutler, 28th District.

PURPOSE: The purpose of this interim study is to examine and seek solutions to the problems of increasing population and overcrowding in Nebraska penal institutions. Increases in population and overcrowding result in increasing costs of operating current correctional facilities and lead to the necessity of the construction of expensive new facilities to combat these increases. Overcrowding also appears to result in a negative impact upon offender rehabilitation and behavior. In order to accomplish its purpose the study shall include but not be limited to the following:

1) Determination of current prison population and projections of

future population based on current rates of increase;

2) Examination of methods of dealing with increasing prison population including methods used in other jurisdictions;

3) Determination of costs of increasing prison population;

4) Any other matters necessary for a complete analysis of this issue.

Now, therefore, be it resolved by the members of the eighty-eighth Legislature of Nebraska, Second Session:

1. That the Judiciary Committee of the Legislature be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the Judiciary Committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

ATTORNEY GENERAL'S OPINION

Opinion No. 205

March 23, 1984

Dear Senator Nichol:

This is in response to your request for an opinion received by this office on March 12, 1984, without an indication that it was for a legislative purpose, and your later renewal of that request emphasizing the legislative purpose connected in part with LB 744, received March 21, 1984.

Your questions all pertain to that portion of the statute authorizing political subdivisions to conduct a lottery which is contained in §28-1116 (Reissue 1979) as follows:

> No county, city, or village shall establish and conduct such a lottery until such course of action has been approved by a majority of the registered voters of such county, city , or village casting ballots on the issue at a regular election or a special election called for the purpose of considering such action.

Your questions and our response will be set forth in the order submitted.

> (1) Is there any provision in the Constitution or laws of Nebraska which would prohibit the voters by initiative petition or the governing body of a political subdivision from placing on the ballot the question of whether the authority to conduct a lottery shall continue?

Actually there are two parts to this question. The first part is whether the constitution or laws of Nebraska prohibit the voters by initiation petition from placing on the ballot the question of whether the authority to conduct a lottery shall continue.

As you know the power of initiative and referendum reserved to the voters is very extensive. Article III, Section 2 of the Nebraska Constitution provides in part:

> The first power reserved by the people is the initiative whereby laws may be enacted and constitutional amendments adopted by the people independently of the Legislature . . . The constitutional limitations as to the scope and subject matter of statutes enacted by the Legislature shall apply to those enacted by the initiative.

In Klosterman v. March, 180 Neb. 506, 143 N.W.2d 744 (1966), the Supreme Court of Nebraska in discussing this power said:

> The initiative is in no sense limited as to the time of its exercise. Neither are initiated laws limited to matters on which the Legislature has not acted. By the initiative process, the people may amend or even expressly repeal laws already enacted by the Legislature. By the referendum, the people may also reinstate an act which the Legislature has expressly repealed.

From the foregoing, there can be no doubt that insofar as the power of the voters state-wide, that §28-1116 (Reissue 1979) could be amended or repealed, or that an entirely new act could be substituted by the voters by the use of the initiative or referendum, as the case may be.

The authority of the voters of a governmental subdivision to exercise initiative and referendum as to city measures, which include ordinances and resolutions, is contained in §18-2501 (Supp. 1982) et seq.. Section 18-2501 provides:

> (1) The powers of initiative and referendum are hereby reserved to the qualified electors of each municipal subdivision in the state. Sections 18-2501 to 18-2537 shall govern the use of initiative to enact, and the use of referendum to amend or repeal measures affecting the governance of all municipal subdivisions in the state, except those operating under home rule charter and as specified in section 18-2537.
>
> (2) Cities operating under home rule charter shall provide, by charter provision or ordinance, for the exercise of the powers of initiative and referendum within the cities. Nothing in sections 18-2501 to 18-2537 shall be construed to prevent such cities from adopting any or all of the provisions of sections 18-2501 to 18-2537.

Thereafter follows sections outlining the procedure for enacting ordinances by the people.

Since §28-1116 (Reissue 1979) only provides for authorizing a lottery by the vote of the people of the governmental subdivision involved, but is silent as to withdrawing such authority, it is our opinion that the specific authorization given in §18-2501 et seq. to enact measures by referendum, would give the voters the authority to enact a measure which could, in effect, withdraw the authority of the governmental subdivision to conduct a lottery. There is no conflict between such action and the legislative authorization in §28-1116, quoted above. The initial approval of a lottery by the voters is usually not an initiative procedure. It is a specific issue which may be put on the ballot by the governing body. We know of no exceptions. No question arises as to time limitations in the statutes governing reconsideration of initiative and referendum proposals by governmental subdivisions.

The second part of your first question relates to the authority of the governing body of a political subdivision to place on the ballot the question of whether the authority to conduct a lottery should continue.

We find no statutory authority for placing such an issue on the ballot except by the initiative petition method discussed above.

> (2) May the governing body of a political subdivision which is operating a lottery discontinue the lottery without first obtaining the approval of the voters?

Yes, for the same reasons discussed above as to the authority of the voters. We know of no restriction on the governing body from considering this issue. Section 58, Initiative and Referendum, 42

AM.Jur.2d, states in part:

> Generally, initiated or referred measures can be amended or repealed. In the absence of constitutional or charter provisions, one view is that the legislative body may amend or repeal an enactment by the people.

As this section points out, however, there are courts which take the position that only the people may repeal or amend such measures in the absence of specific statutory authority. The Nebraska Supreme Court has stated as to the legislature in this regard:

> Under Nebraska constitutional provisions vesting the legislative power of the state in the Legislature, but reserving to the people the right of initiative and referendum, the Legislature, on the one hand, and the electorate on the other, are coordinate legislative bodies, and there is no superiority of power between the two. In the absence of specific constitutional restraint, either may amend or repeal the enactments of the other.

Klosterman v. Marsh, 180 Neb. 506, 511, 143 N.W.2d 744 (1966). We feel it would take the same position as to governmental subdivisions.

> (3) May a political subdivision when initially seeking voter approval to conduct a lottery frame the ballot question in such a manner to provide that the authority, if approved, shall exist for a fixed term of time the expiration of which will require that the question again be placed before the voters in order to continue the authority to conduct a lottery?

Yes. The provision of §28-1116 (Reissue 1979) permitting the voters of the governmental subdivision to authorize a lottery is a grant by the Legislature of an exception to the general gambling laws. Without this exception, the conduct of a lottery by a governmental subdivision would be illegal. The exercise of a limitation upon this exception by the voters of a governmental subdivision, as you suggest in your question, is in no way contrary to the grant of the Legislature in §28-1116 and is, in our opinion, within the initiative power reserved to the people discussed above.

As is frequently true in so many cases, an express provision in the statutes of what you wish to accomplish, may save time and expense in legal disagreements over these questions.

Very truly yours,
PAUL L. DOUGLAS

MESSAGES FROM THE GOVERNOR

March 27, 1984

Mr. President, Mr. Speaker and
Members of the Legislature
State Capitol
Lincoln, Nebraska 68509

Dear Mr. President and Senators:

I hereby return LB 880 without my signature and with my objections. After reviewing the floor debate and all of the arguments on LB 880, I cannot, in all good conscious, sign this bill.

First of all, I commend Senator Wesely for his attempt to amend this bill so that we could move to the new insurance program.

As you are aware, my original LB 880 contained provisions that would have allowed the State to modernize the State employee health insurance program to one similar to the University of Nebraska.

The decision to change health benefits came after long and expensive work by a national consulting firm and an independent task force. All of the needed work has been done. The issue has been studied. The Nebraskans for Quality and Affordable Health Care created in 1982 by the Legislative Public Health and Welfare Committee arrived at the same conclusion, first dollar coverage is a benefit of the past. To date, I have heard no valid reason for delaying the change. The first dollar hospitalization costs of our plan is outdated and extremely expensive. Approximately 18% of State employees use our hospital insurance benefits and they account for over 1/2 of the total insurance costs. The time to change is now. The time to act is now.

Originally, dental insurance was part of my original package. Unfortunately, the position I am now left in prohibits the State from going to dental without asking employees to take on a substantial increase in premiums. The entire cost of my original proposal was because of dental coverage. By switching to the new health plan without dental coverage, which I intend to do, the cost of the plan will be less expensive than our current rates.

Since the statutes will remain the same and so will the State contributions, employees will see a slight decrease in their insurance premiums.

I urge you to support and sustain my veto.

Sincerely,
(Signed) ROBERT KERREY
Governor

March 27, 1984

Mr. President, Mr. Speaker, and
Members of the Legislature
State Capitol
Lincoln, Nebraska 68509

Dear Senators:

I am herewith returning LB 1128, LB 1129 and LB 880A with my signature but with certain line-item veto reductions.

In total I am vetoing $15.6 million from these measures which, when deducted from the "mainline appropriation" measures passed by you, will result in a $799.7 million budget. A summary of the specific reductions is attached.

In my letter to you on March 12 I proposed that if the Legislature would reduce the budget to about $814 million, I would make further reductions to bring the total to under $800 million. The action I am taking today accomplishes that objective.

In that same letter, I indicated that if we could reduce and maintain these spending measures to about $800 million it would leave $18 million for "A" bills and other spending measures. This assumes a 19% income tax, 3 1/2% sales tax and the passage of LB 1124.

Since that time, you have failed to advance LB 827, LB 873 and LB 941 thereby adding $4,328,987 to the budget. In addition, you have amended LB 1127 to add $1,040,489 to our already strained Medicaid Program. The total impact of these actions is $5,369,476. When added to my revised budget, it brings the General Fund spending to $805,070,903. This leaves approximately $12 million for other spending measures if LB 1124 is passed or only $5.5 million should you fail to enact that needed clarification to our tax system.

While most of the reductions listed need no additional explanation, some do require that I comment.

First, my recommendation for the University provides for the Regents proposed differential salary policy and the amounts taken from the four separate appropriations were done with that objective in mind.

Second, the reduction to the circulation road at UNO is based on the probability that they will be unable to proceed fully with this effort during the upcoming fiscal year. The funds reduced will need to be added in a subsequent budget, most likely FY 85-86.

Third, I am also striking the appropriation of $830,000 for development of Papio Site 20 for the fiscal year ending June 30, 1986. The source and type of funds necessary to complete this project should be determined next year.

Lastly, I am striking the FY 85/86 appropriation of $1,765,000 and the $180,611 to the University and the State Colleges respectively, for an LB 410 Bond Reserve. The appropriations were not part of the plan contained in LB 410 last session and are legally suspect since the funds are created in LB 1129 along with the appropriation, while LB 410, the substantive legislation, is not amended.

Again, let me state my position, to achieve a 19% and 3 1/2% tax rate and a 5% reserve, the total spending should not exceed $818 million. I intend to exercise my veto authority to achieve this objective.

I urge you to sustain these necessary reductions.

Sincerely,
(Signed) ROBERT KERREY
Governor

Mr. President, Mr. Speaker and

State Capitol

Dear Mr. President and Senators:

I hereby return LB 466 and LB 466A without my signature and with my objections.

LB 466 is intended to provide a voluntary check-off designation of income tax refunds to provide for the protection of nongame and endangered species. While this action is inspired by noble intentions, it also creates an undesirable precedent. The possible proliferation of check-offs, all designed to benefit worthwhile interest groups, will only result in rising costs to maintain our income tax program. The funds appropriated by LB 466A are required but objectionable as an expense to implement this initial check-off.

As we seek to provide the most efficient state government at the lowest cost, we must not add to the burden and expense of revenue administration. Appropriations for this endeavor to protect certain species should be directly funded so that all taxpayers share the costs equally. I cannot support the concept of an income tax check-off to achieve this additional revenue.

Sincerely,

Mr. President, Mr. Speaker and

Members of the Legislature
State Capitol
Lincoln, Nebraska 68509

Dear Mr. President and Senators:

I hereby return LB 758 without my signature and with the following objections:

1. As a former retailer, I appreciate this Legislature's concern for the health of small businesses. However, when a sale is made the sales tax should be paid. Those merchants which make sales on credit do not need to charge the sales tax; they could require cash payment and then charge the merchandise.
2. This legislation not only encourages consumer credit, it penalizes those businesses which do not engage in extensive consumer credit.
3. There appears to be no compelling public need for this legislation.
4. There are serious cash flow implications for the state general fund even though no reduction in the amount of sales tax due would occur.

Again, I appreciate your concern for Nebraska businesses, but because this legislation unfairly gives an advantage to certain retailers, I do not believe it should become law. I strongly urge you to reconsider and sustain my veto.

Sincerely,

RESOLUTIONS

LEGISLATIVE RESOLUTION 325.

Introduced by Landis, 46th District.

PURPOSE: Twenty-eight of Nebraska's ninety-three counties are currently organized under the township system. Several of these counties have experienced difficulties with the township system because of changes over time in the nature of the tasks executed by townships and other governmental subdivisions. Offices have gone unfilled for lack of candidates, the duties and authorities of those holding office are not always clear, and the statutory procedure required to adopt another form of administration acts as a deterrent to reorganization. The purpose of this study is to assess the advisability of legislation in this area. In order to accomplish this purpose the following topics shall be studied:

1. The current township system including, but not limited to:

a. Election Procedures and the counties' recent experience in filling

elective offices;
b. The scope of authority and distribution of powers within the township system;
c. The relationship between townships and other governmental subdivisions within counties;
d. Current procedural requirements for dissolution of a township system; and
e. The transfer of duties, assets, and obligations upon dissolution of a township system;
2. Alternative systems of county organization, including:
a. The county commissioner system; and
b. Systems used in other states;
3. The advantages and disadvantages of alternative systems; and
4. Any other matters necessary for a complete analysis of the issue

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Government, Military and Veteran Affairs Committee of the Legislature shall be designated to conduct an interim study and to hold any public hearings necessary to carry out the purposes of this resolution.

2. That the Government, Military and Veteran Affairs Committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council prior to the commencement of the 1985 session.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 326.

Introduced by Landis, 46th District.

PURPOSE: The purpose of this study is to examine the effect of the underground economy on business in the state of Nebraska and to provide for possible solutions. It is common knowledge that there are services exchanged for cash with no record of the transaction. Because of the lack of a record, many of these individuals file no tax returns on the income and thereby pay no tax on it. These underground services also do not pay various employer taxes such as withholding and social security. With the reduction in these payments, many of these "businesses" can undercut legitimate business in Nebraska. Specifically, the study should review the implication of the underground services and improve the regulation of these businesses or provide for a better tax compliance by them.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA,

SECOND SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the Revenue Committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or the Legislature.

Referred to the Executive Board.

RESOLUTIONS

LEGISLATIVE RESOLUTION 327.

Introduced by Vickers, 38th District; Wesely, 26th District.

PURPOSE: The purpose of this study is to examine the potential impact to Nebraska's natural resources because of the deployment of 100 "Peacekeeper" (M-X) missiles in existing Minuteman silos in western Nebraska and eastern Wyoming. In 1982, the United States Congress refused to accept the President's proposal for basing the M-X missile, and withheld funds until such a basing mode could be accepted by Congress. As a result of this impasse, the President appointed a Commission on Strategic Forces to review the Strategic Modernization Program for the United States and to recommend basing alternatives for the M-X system. On April 11, 1983, the President's Commission on Strategic Forces recommended the M-X be deployed in existing Minuteman silos. The commission also recommended that: 1) "Vigorous research and technology development of ABM should be pursued;" and 2) "A specific program to resolve the uncertainties regarding silo or shelter hardness should be undertaken, leading to later decisions about hardening M-X in silos and deploying a small single-warhead ICBM in hardened silos or shelters." These recommendations would expand the scope of the current basing proposal. It would increase the defensive structure of the missiles by superhardening the existing silos and providing an ABM system to protect the "Peacekeepers" from incoming missiles.

Currently, the potential impact of an ABM system and superhardening of the silos is unknown but may have a potentially adverse impact on Nebraska's natural resources thereby affecting the state's agricultural economy and societal well-being. The recommendations of the President's commission were not included in the "Final Environmental Impact Statement for Peacekeeper in Minuteman Silos." Because of the strong recommendation by the President's commission and the lack of a review by the Environmental Impact Statement, this study should analyze the possible implementation of these recommendations and the impact they would have on the natural resources of this state.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Government, Military & Veterans Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the Government, Military & Veterans Affairs Committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or the Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 328.

Introduced by Remmers, 1st District; Beyer, 3rd District.

PURPOSE: The purpose of this resolution is to study the salary schedule for the Nebraska State Patrol.

In order to accomplish this purpose the following topics shall be studied:

(1) Is the salary schedule for state troopers adequate or inadequate?

(2) How does the salary schedule compare with salary schedules for other law enforcement officers in Nebraska and state troopers in other states?

(3) How have the differences between Nebraska's salary schedule and other law enforcement salary schedules affected staff turnover and morale?

(4) How do Nebraska's reimbursement policies for uniform purchases and expenses compare with similar policies for other law enforcement agencies?

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or the Legislature.

Referred to the Executive Board.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

Section 1. That at the general election in November 1984 there shall be submitted to the electors of the State of Nebraska for approval the following amendments to Article VIII, section 1, and by adding to such Article a new section 13, of the Constitution of Nebraska, which is hereby proposed by the Legislature:

"Sec. 1. The necessary revenue of the state and its governmental subdivisions shall be raised by taxation in such manner as the Legislature may direct. Taxes shall be levied by valuation uniformly and proportionately upon all tangible property and franchises, except that the Legislature shall establish a separate class for land actively devoted to agricultural or horticultural use which shall not include improvements on such land and may provide for a different method of taxing motor vehicles and may also establish a separate class of motor vehicles consisting of those owned and held for resale by motor vehicle dealers which shall be taxed in the manner and to the extent as provided by the Legislature and may also establish a separate class for trucks, trailers, semi-trailers, truck-tractors, or combinations thereof, consisting of those owned by residents and nonresidents of this state, and operating in interstate commerce, and may provide reciprocal and proportionate taxation of such vehicles; PROVIDED, that such tax proceeds from motor vehicles taxed in each county shall be allocated to the state, counties, townships, cities, villages, and school districts of such county in the same proportion that the levy of each bears to the total levy of said county on personal tangible property. The Legislature shall ~~may~~ enact laws to provide that the value of land actively devoted to agricultural or horticultural use shall, for property tax purposes, be determined according to the productivity of ~~that value which such land has for~~ agricultural or horticultural ~~use~~ land without regard to any value which such land might have for other purposes or uses, and may prescribe standards and methods for the determination of the value of other real or ~~other~~ tangible property at uniform and proportionate values. Taxes uniform as to class of property or the ownership or use thereof may be levied by valuation or otherwise upon classes of intangible property as the Legislature may determine, and such intangible property held in trust or otherwise for the purpose of funding pension, profit-sharing, or other employee benefit plans as defined by the Legislature may be declared to be exempt from taxation. Taxes, other than property taxes, may be authorized by law. Existing revenue laws shall continue in effect until changed by the Legislature. The Legislature may provide that livestock shall constitute a separate and distinct class of property for purposes of taxation and may further provide for reciprocal and proportionate taxation of livestock located in this state for only part of a year.

Sec. 13. Beginning January 1, 1986, the maximum amount of ad valorem tax levied on any property for any taxable year shall not exceed one and one half per cent of the actual value of such property as determined by the assessment rolls, except for ad valorem taxes levied for retiring, refunding, or servicing indebtedness approved by the voters according to law. Such limitation may be increased by an affirmative vote of three-fourths of the members of the Legislature or, within a political subdivision, by a majority vote of the electors within such subdivision voting on such issue, except that any such increased limitation shall not be effective for more than one tax year after any such vote.".

Sec. 2. The proposed amendment shall be submitted to the electors in the manner prescribed by Article XVI, section 1, of the Constitution of

Nebraska. The proposition for the submission of the proposed amendment shall be placed upon the ballot in the following form:

ATTORNEY GENERAL'S OPINION

Opinion No. 206
March 28, 1984

Dear Senator Landis:

You have asked whether LB 761, Section 15(3) and Section 26, as proposed, or any other statute preclude a father from delivering his own child at home. We have concluded they do not in case of an emergency, but do in nonemergency situations.

LB 761, Section 14 would authorize certified nurse midwives to attend cases of normal childbirth, to provide prenatal, intrapartum and postpartum care, to provide normal obstetrical and gynecological services for women and to provide care for newborns immediately following birth. Section 15(3) (b) would not permit a certified nurse midwife to perform such functions in home deliveries. Under Section 26(1) nothing in the act would prohibit an uncertified person from performing such functions in an emergency situation.

The practice of obstetrics is the practice of medicine and surgery. See, Neb.Rev.Stat. §71-1,102 (Reissue 1981) and State ex rel. Johnson v. Wagner, 139 Neb. 471, 480-482 (1941). Every act or practice falling within the practice of medicine and surgery not specially excepted in Neb.Rev.Stat. §71-1,103 (Reissue 1981) may be performed in this state only by those licensed by law to practice medicine and surgery in the state. There is an exception for persons rendering gratuitous services in cases of emergency. That exception should cover all fathers delivering their own children at home in case of an emergency. We find no exception that would cover all fathers doing so when there is not an emergency. A specific father might be able to practice obstetrics under one of the other exceptions in that statute.

In conclusion, there is an exception in both Neb.Rev.Stat. §71-1,103 and in LB 761 as proposed that would permit a father to deliver his own child at home in an emergency situation. However, we find no authority for him to do so in a nonemergency situation.

Very truly yours,
PAUL L. DOUGLAS
Attorney General

RESOLUTIONS

LEGISLATIVE RESOLUTION 338.

Introduced by Pappas, 42nd District.

PURPOSE:

The purpose of this resolution is to study a plan for the reorganization of public postsecondary education in Nebraska. Trends already established indicate that postsecondary education in Nebraska as well as in the nation as a whole will experience dramatic changes during the remainder of the twentieth century. Enrollment will decrease in the 1980's, programs will be shifted to make adjustments for technology, and education financing will be strained. Overall, society will demand more and more of its educational institutions and postsecondary education will need to be reorganized in the most efficient way. The following plan should be studied to make the most effective use of Nebraska's postsecondary educational institutions in the years ahead:

(1) Three statewide systems of postsecondary education will be organized: The University of Nebraska, Nebraska State Colleges, and the Nebraska Technical Community Colleges;

(2) Three governing boards will exist to guide the systems; and

(3) Each system should be responsible for separate degree programs with statewide concerns.

A reorganization of these institutions will better insure the delivery of needed services and programs to the citizens of the state in an economical fashion.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Education Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the Education Committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 347.

Introduced by Warner, 25th District.

PURPOSE: To continue legislative review of factors contributing to spiralling health care costs, including those borne by the state, and possible redress. The study should specifically look at such factors as:

(1) Adoption and influence of new technology;

(2) Use of para-professionals for low-cost health care services;

(3) Effectiveness of expenditure review mechanisms;

(4) Primary physician management systems as a potential tool in controlling health services utilization and cost;

(5) Collection, analysis, and reporting of hospital discharge data;

(6) Quality and cost of nursing home services;

(7) Whether rehabilitation programs provide for lower on-going costs for long-term care.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the

Legislative Council or the Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 348.

Introduced by Lamb, 43rd District; Carsten, 2nd District.

PURPOSE: Alzheimer's disease is the fourth leading cause of death among adult Americans. Nebraskans are not immune from this grim fact. Every community in this state has citizens who have or know someone who has Alzheimer's disease. Odds are that more than one half of the patients in Nebraska nursing homes have the disease. With the average age of Nebraskans rising and medical breakthroughs blocking the effects of more common ailments, Alzheimer's disease is on a rising curve and may well be our most significant health problem very soon.

There are a number of problems associated with Alzheimer's disease that lend themselves to public participation. The nature of the disease is such that it affects family members quite severely since the burden of patient care is concentrated in the home. Health insurance does not now cover Alzheimer's disease since insurance companies classify it as mental illness when, in truth, it comes about because of physical deterioration of the brain. Certain legal issues arise between balancing the rights of the victim with what is best for the family. These problems are only a beginning. The effects of Alzheimer's disease on the citizens of Nebraska are not just beginning, they are here. The purpose of this resolution is to study the problems associated with Alzheimer's disease and to propose any possible solutions to these many problems.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 349.

Introduced by Higgins, 9th District.

PURPOSE: The Purpose of this resolution is to undertake a study and examination of how the State of Nebraska may take advantage of recent changes in the telecommunications field to procure and operate a communications system which cost effective, technologically advanced and which offers greater convenience and services to the Legislature.

The scope of the study should include the adequacy of state statutes and administrative regulations governing the policies and practices of the State Department of Administrative Services' Division of Communications as they relate to the procurement, operation and setting of rates of the Legislature's communications system.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or the Legislature.

Referred to the Executive Board.

RESOLUTIONS

LEGISLATIVE RESOLUTION 361.

Introduced by Sieck, 24th District; Lamb, 43rd District.

PURPOSE: The purpose of this resolution is to study Nebraska's public schools teacher tenure laws and the evaluation of teachers by school administrators.

The tenure laws in this state have been subject to scrutiny by the Legislature in recent sessions. This study should assess recent policy changes in this area and examine recommendations as to what further changes are necessary to assure that teachers are not released unjustly yet allows public school teachers to be dismissed for reasonable cause.

This study should also review present methods used by school administrators to evaluate teachers. Presently, there is a wide variance as to how different school administrators evaluate teachers on staff. This study should examine which procedures seem to be successful and the committee conducting the study should work with the State Department of Education to promulgate rules and regulations to assure statewide uniformity of evaluation techniques.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Education Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the Education Committee shall upon the conclusion of its study make a report of its findings together with its recommendations to the Legislative Council or the Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 362.

Introduced by Sieck, 24th District.

PURPOSE: The purpose of this resolution is to study and assess alternative methods of providing property tax relief to agricultural landowners.

The present method of assessing farmland at less than its fair market value has provided property tax relief to farmland owners, but it has done so in an unselected and inequitable way, not to mention the constitutional questions surrounding the present method.

There exists a need to explore alternatives which would target property tax relief to current and retired owner-operators, while placing limitations on the benefit any one owner-operator could receive. Such limitations would prevent the bulk of benefit from going to the largest and wealthiest landowners while potentially helping moderate-sized and beginning farmers compete for the land they need to build efficient-sized operations. This would occur by implementing a system that limits relief for large landowners and nonfarm investors on acres beyond a certain point.

This concept represents a compromise between farmland owners and homeowners in rural counties and school districts. Family farmers would get property tax relief, but modest income homeowners would not be forced to finance unlimited amounts of tax relief for wealthy landowners.

This study should determine how such a system should be implemented, including, but not limited to:

(1) Would it be best to exempt limited values of property to create a credit against taxes owed;

(2) Should the size of credit exemptions be uniform statewide or vary by county according to land values; and

(3) How would various approaches affect the balance in each tax district between taxes paid on farmland versus other types of property?

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the Revenue Committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 363.

Introduced by Scofield, 49th District; Rupp, 22nd District; Vickers, 38th District; Morehead, 30th District.

WHEREAS, there are numerous towns in Nebraska with a population of less than twenty thousand; and

WHEREAS, the farm and agricultural community is experiencing numerous problems which have an impact on small towns; and

WHEREAS, a study of the current health and economic situation found in small towns should include options for promoting the quality of life in these communities; and

WHEREAS, a study of the availability, accessibility, affordability, and delivery of services to rural Nebraska should include special focus on:

(a) The effect of federal deregulation on air, phone, train, and truck services;

(b) Job training and retraining assistance, particularly as Nebraska's economy base moves from manufacturing and agriculture to one based on information and technology;

(c) The impact of increased reliance on user fees as a financing mechanism;

(d) Preserving and fostering the sense of community and the will to thrive in all Nebraska communities;

(e) The state's role in assisting with preservation of historical buildings and sites and in recognizing and recording the state's ethnic heritage;

(f) Needs of the aged today and in the future; and

(g) Infrastructure needs and alternatives for financing.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Urban Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 364.

Introduced by Sieck, 24th District; H. Peterson, 35th District.

PURPOSE:

The purpose of this resolution is to study and assess the needs of the elderly and disabled, in both short and long-term care facilities, for appropriate long-term care services. With five per cent of the elderly population residing in long-term care facilities and the number of Nebraska citizens over the age of sixty-five projected to double in the next thirty-five years, it is imperative that health care costs be brought under control.

This study should specifically focus on:

(1) The development of a reimbursement system in the Medicaid Program which will provide a cost-effective continuum of long-term care service;

(2) The development of a certificate of need process which focuses on actual bed need as opposed to the monetary aspects of construction;

(3) The development of a system that provides incentives for the current longevity of ownership of health care facilities. This is to assure adequate funding be available to provide long-term health care; and

(4) The impact the previously enumerated changes would have on the costs of hospital and nursing home care. This study shall seek the input of private sector health care providers.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Public Health and Welfare Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the Public Health and Welfare Committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 365.

Introduced by Sieck, 24th District.

PURPOSE: The purpose of this resolution is to study mechanisms for better enforcement of Article XII, section 8, of the Constitution of the State of Nebraska which is the result of the passage of Initiative 300 in the 1982 general election.

It has been recommended that identification of violations of the constitution could be monitored through an occupation tax report. This could be accomplished by requiring corporations to report if they had purchased land or expanded farming operations during the reporting period.

This study should look at other methods of monitoring Article XII, section 8, of the Constitution of the State of Nebraska and assess the penalties for violators. Currently, corporations which buy land illegally only have to sell such land if caught. A stronger penalty should be considered and this study should study all possibilities.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Agriculture and Environment Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the Agriculture and Environment Committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 366.

Introduced by Harris, 27th District.

PURPOSE: (1) The purpose of this resolution is to propose a study over the interim of the entire state corporate, property, sales, and individual income tax structure.

WHEREAS, the recent court rulings in the last few years have radically changed the tax revenue picture and enforcement procedures; and

WHEREAS, new ideas and approaches have been developed by other states in the last seventeen years; and

WHEREAS, rules and regulations have been promulgated without regard for uniformity and consistency year after year to implement the tax laws passed in the last seventeen years; and

WHEREAS, Nebraska's personal income tax is tied to the federal income tax which has been drastically changed in the last seventeen years.

This resolution recommends an interim study to be known as the Tax Fairness Study. Public hearings should be held across the state during the interim to bring public input to the quality of the findings.

(2) With a comprehensive approach, the study will analyze:

(a) The progressivity, regressivity, and proportionality of the income, sales, and property tax from the perspective of the average Nebraskan, the individual proprietorship, and the corporation, as well as their ability to pay, and equality of tax administration among classes of taxpayers;

(b) Questions about "Who pays the tax?", "Who bears the burden of the tax?", "Where the tax shifting is occurring?" and "What is the distribution by income class?";

(c) The impact on income, investment, employment saving, consumption, welfare payments, debt financing, and local government budgets;

(d) The equity of the unitary tax system for foreign corporations and their subsidiaries;

(e) The impact of Nebraska tax laws on small businesses that are in current operation, their growth potential, and the possibility of new business coming into the state or emerging from the expertise of the population;

(f) The trends in tax shifting with special emphasis on analysis of shifting of the tax burden onto the shoulders of Nebraska-based railroad, utility, and communication industries as well as the state's small business and farm operations; and

(g) Recommendations for the future with regard for the tax system which the next generation will inherit. The study will also look at the historical trends that have brought the current tax structure into existence.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 367.

Introduced by Sieck, 24th District; Lamb, 43rd District.

PURPOSE: The purpose of this resolution is to study the role of the state and its various entities in the use of chemicals in agronomics. This study should assess the programs presently being administered through state entities such as the University of Nebraska Extension Service and the Department of Agriculture to determine which programs are useful.

The primary thrust of this study shall include, but not be limited to, the area of chemigation that has become a popular method of applying chemicals in recent years. It is recognized that formal and informal education of all aspects of the agricultural sector is important to assure safe usage of chemicals through chemigation.

This study should further review all statutes dealing with the subject of chemical application in all forms of the agricultural sector, as well as assess all educational methods and modifications being suggested by state agencies and other parties from the private sector.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Agriculture and Environment Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the Agriculture and Environment Committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 375.

Introduced by V. Johnson, 8th District.

PURPOSE:

The purpose of this resolution is to undertake an interim study of the practicability and feasibility of extending the Nebraska sales tax to include sales of services. As the economy both nationwide and in Nebraska becomes increasingly composed of sales of services and less of sales of tangible property, the issue of extending the sales tax to services has been increasingly discussed as an alternative for the future, especially in view of the changes in the economy which have rendered the property tax less related to ability to pay and the view that income taxes may already be at their limit, thus requiring more emphasis upon sales or consumption-related taxes. The study shall focus on: (1) The technical aspects of a sales tax on services statute and administration; (2) the economic and tax policy aspects of such a tax; and (3) the alternatives for reduction in other taxes that revenue from a sales tax on services would provide.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Introduced by DeCamp, 40th District.

PURPOSE: The purpose of this resolution is to exercise legislative oversight over the activities of the Nebraska Accountability and Disclosure Commission, and the existing statutes and rules and regulations governing the Commission. Specific inquiry should be made into:

2. The possible improper involvement and/or use of the Commission to assist individual candidates at the expense of other candidates.
3. The extent and propriety of influence by the news media on issues being considered by the Legislature by offering beneficial news coverage to a legislator in exchange for the legislator's support of legislation favored by the newspaper, television station, etc.

Pappas, 42nd District; Sieck, 24th District.

PURPOSE: The purpose of this resolution is to undertake a comprehensive study of the overall state and local revenue and tax structure in Nebraska. The study shall examine issues related to revenue and tax structure, including, but not limited to: (1) The relative burdens placed upon property, sales, income, and miscellaneous taxes; (2) the changes in tax incidence upon particular classes of taxpayers due to proposed tax structure changes; (3) the appropriateness of various forms of taxes in view of present economic structure; (4) reviewing present tax exemptions, credits, and preferential rates and whether continuation of such preferences is justified; (5) analysis of the basic uses of different forms of revenue and the present earmarking of certain taxes in terms of the general benefit versus specific benefit theories of taxation; and (6) future trends in tax policy in other states and the federal tax structure. The conduct of the study shall include a broad cross section of various types of taxpayers for their input and no preference shall be given to organized interest groups with registered lobbyists over average taxpaying citizens.

PURPOSE: Political subdivisions currently are allowed to hold up to fifty per cent of their operating budgets in reserve for the next year. Due to the economic conditions within the state and the public concern with taxes funding these surplus accounts, the present cash reserve system should be evaluated to find a more workable and liveable figure.

The purpose of this resolution is to study and evaluate the current method of handling cash reserves of political subdivisions within our state. The study is necessary to determine two things. First, what percentage can be used to create an adequate cash reserve without abusing local taxing power? Secondly, whether political subdivisions should be distinguished because of their future reserve needs and if so, whether the Legislature should separate those entities with different percentage lids?

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

PURPOSE: The purpose of this resolution is to conduct an interim study of the present system of financing for highways, roads, and streets in the State of Nebraska. The study shall review the present structure of highway user taxes and fees, including the relative benefits and burdens of such taxes and fees and preferential exemptions, credits, or special rates included therein, and the present distribution of such revenue among the various needs of the state, counties, and cities. The study shall also examine possible alternatives and changes to the present system as well as alternatives which would allow for easier administration and compliance with the overall system of highway financing in this state.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

PURPOSE: The purpose of this resolution is to undertake an interim study of the level, tax incidence, and uses of aircraft fuel taxes in Nebraska. The study shall also examine other user-related taxes which should be considered when examining issues related to aircraft fuel taxes and alternatives for simplifying the present system of large unnecessary refunds so as to reduce the overall initial aircraft fuel tax rate.

PURPOSE: The purpose of this interim study is to examine the relationship between the district and county courts of the state. District and county courts have many areas of concurrent jurisdiction under present law. Judges of both courts must have the same qualifications to hold office. There are also many aspects of the two court systems which are separate and distinct. Each court has areas of exclusive jurisdiction and has defined roles relative to the other. Separate office and support systems are maintained by each court. This study would examine the relationship between the district and county courts to examine methods of making more efficient use of judicial resources and support systems. In order to accomplish its purpose the study shall include, but not be limited to, the following:

(1) Examination of areas of concurrent and separate jurisdiction;

LEGISLATIVE RESOLUTION 424.

Introduced by Beutler, 28th District.

PURPOSE:

The purpose of this interim study is to examine the effectiveness and utilization of resources in our county attorney system. Nebraska has ninety-three counties which range in population from nearly four hundred thousand to fewer than one thousand persons. This presents a great variety of challenges in prosecution and legal representation. Factors of distance and comparable compensation may create difficulties in the hiring and retention of competent attorneys in some counties. County attorneys have many important responsibilities in our system including prosecution of the state's criminal laws, overseeing child support collection, and acting as the county's legal representative.

Such responsibilities mandate competent and effective county attorneys. In order to accomplish its purpose the study shall include, but not be limited to, the following:

(1) Examination of the current county attorney system including problems in criminal prosecution, child support enforcement, and legal representation of the county;

(2) Examination of problems in hiring and retention of county attorneys;

(3) Proposals aimed at increasing the effectiveness of county attorneys;

(4) District and county attorney systems in other jurisdictions; and

(5) Any other matters necessary for a complete analysis of this issue.

PURPOSE:

The purpose or this resolution is to study the issues involved in providing cost of living adjustments in benefits to retired public employees. The issues addressed should include:

1. The monetary cost of providing cost of living adjustments for retired employees and strategies for funding that cost;

2. The erosion of pension income due to inflation after retirement

and the hardships such erosion brings to retirees;

3. The existence of pockets of retired employees who earned benefits under earlier, possibly inadequate retirement plans, which may warrant special adjustments in benefits;

4. The viability of expecting employees to make up for post-retirement inflation through personal savings or other resources; and

5. The special cases of certain employees who are not subject to social security and thus not covered by its benefit provisions which automatically adjust annually for inflation.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature be designated to conduct an interim study to carry out the purposes of this resolution.

The purpose of this resolution is to study the various retirement systems administered by the state as well as the retirement systems authorized or required for subdivisions of government. Such a study should include the following issues: Funding; disability benefits; unfunded liability; costs and benefits; and the advantages and disadvantages of changing the state's retirement laws.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature be designated to conduct an interim study to carry out the purposes of this resolution.

2. That upon completion of the study the committee shall report on its findings including any recommendations for needed legislation, to

the Legislature or Legislative Council.

Introduced by Hoagland, 6th District; Barrett, 39th District.

PURPOSE: The purpose of this study is to examine whether Nebraska should adopt a presidential caucus primary system similar to that used in Iowa, and scheduled on the same day, including:

1. Whether adopting a similar system in Nebraska to be scheduled the same day as the Iowa caucus would strengthen the political process in Nebraska by drawing more persons into the political process;
2. Whether holding a caucus in Nebraska on the same day as the Iowa caucus would strengthen Nebraska's vote in determining the presidential nominees of both political parties.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

PURPOSE:

Since quality of life has been identified as an important factor both in stemming migration from this state and in attracting new businesses and industry to locate here, and, since the quality, availability, and accessibility of the visual and performing arts are an important measure of the quality of life, particular emphasis should be placed on increasing programs for the visual and performing arts in Nebraska by conducting an interim study to: (1) Examine the availability of suitable space and qualified teachers for the visual and performing arts in Nebraska's public schools; (2) examine community education opportunities through the public schools, colleges, and universities; (3) encourage private sector initiatives in organizing and funding further programs; and (4) encourage coordination of the activities of the Nebraska Arts Council and the Department of Economic

LEGISLATIVE RESOLUTION 432.

Introduced by Vickers, 38th District; Wesely, 26th District.

PURPOSE: The purpose of this study is to examine the potential impact on Nebraska's natural resources and political subdivisions of the planned deployment of one hundred "Peacekeeper" or M-X missiles in existing Minuteman missile silos in western Nebraska and eastern Wyoming.

In 1982 the United States Congress refused to accept the President's proposal for basing the M-X missile which led to a decision by the President's Commission on Strategic Forces to recommend that the M-X be deployed in existing Minuteman silos.

Some of these existing silos are located in western Nebraska and the new recommendations would cause these silos to undergo substantial construction, alteration, and expansion.

The activity surrounding the construction will have an impact on the natural resources, political subdivisions, economy, and people of the area and affect the local communities, schools, law enforcement, roads, and other services.

The degree of impact is unknown but potentially adverse.

The recommendations of the President's Commission were not included in the final environmental impact statement.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Government, Military and Veterans Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

LEGISLATIVE RESOLUTION 435.

Introduced by Hoagland, 6th District.

PURPOSE: The educational needs and special care of severely mentally, physically, or psychologically handicapped young Nebraskans are often multifarious, thus requiring coordination from more than one agency.

The Education of the Handicapped Act as amended by PL 94-142 designates the state education agency as the authority responsible for the coordination and the provision of related services deemed necessary.

Federal law does not, however, invest the state education agencies with the authority to mandate financial participation by noneducational agencies to provide any of the related services, nor do federal laws or regulations provide the definitional clarity necessary for implementation.

This lack of clarity, coupled with recent constraints on public spending has had the unforeseen consequences of causing problems in agencies' ability to fulfill their responsibilities in providing services to these handicapped young Nebraskans.

An interim study should be conducted with special emphasis on:

(1) Equipment and staff needs of education and care programs;

(2) Intergovernmental coordination and cooperation among state agencies in the provision of required and essential services;

(3) Control mechanisms and policies to ensure efficient and cost-effective delivery of services;

(4) Residential services needs that are not educationally related;

(5) The clarification of the boundaries of legal responsibility between the Departments of Education, Social Services, and Institutions.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Education Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or the Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 436.

Introduced by Barrett, 39th District; Clark, 47th District; L. Johnson, 15th District.

PURPOSE: The purpose of this resolution is to study localized energy management in Nebraska. This study should include:

(1) Examination of economic development benefits possible from such a program;

(2) Potential state financial leveraging concepts available to communities;

(3) Scenarios comparing results possible with state government participation as opposed to no such involvement; and

(4) Report on the Nebraska Community Energy Management Program achievements to date.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Banking, Commerce and Insurance Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Appropriations Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the Appropriations Committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or the Legislature.

LEGISLATIVE RESOLUTION 439.

Introduced by Morehead, 30th District; Labedz, 5th District; Harris, 27th District; Scofield, 49th District.

PURPOSE:

The purpose of this study is to examine the high-technology curriculum in postsecondary institutions of Nebraska. The State of

Nebraska is being compelled into the "Information Age" and it is vitally important for our citizenry to be knowledgeable about the changes and challenges of the new technologies associated with the "Information Age". Because the communications and information technologies offer Nebraskans, in part, new employment opportunities, it is encumbent upon us to look at our state colleges, technical community colleges, and universities to see what has been done and what could be done to enhance curriculum as it relates to the information industry. The topics for consideration shall include, but not be limited to:

(1) An examination of courses presently available with an analysis of the feasibility of establishing business-oriented, nonengineering programs in the communications field at the bachelor's degree level; and

(2) Examine the feasibility of developing programs to train or retrain adult workers in high-technology occupational areas where employment is projected to increase.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council, prior to the commencement of the 1985 Legislative session.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 440.

Introduced by Schmit, 23rd District.

PURPOSE: The purpose of this study is to address present and potential interstate water disputes and pursue the resolution of such conflicts in an equitable manner which recognizes the needs and rights of all states in this region.

This study is necessary as a number of recent legal actions, including the Sporhase decision and the ETSI lawsuit, which have dealt with the interrelationships between Nebraska and neighboring states with regard to usage of both underground and surface water in the Missouri River basin.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Public Works Committee of the Legislature shall be

designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 441.

Introduced by Pirsch, 10th District.

PURPOSE: The purpose of this resolution is to study the feasibility of placing the office of election commissioner on a district basis.

In some counties, the county clerk handles duties of both the county clerk and the election commissioner because those counties are not large enough to afford a full time election commissioner. At the same time, the county clerk's office often finds it difficult to handle all these duties.

This study should examine the costs and benefits of hiring a full time district election commissioner who would serve several counties at once and also the need for a district computer system to store election data and information.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to examine the current system regarding election commissioners in various counties in Nebraska.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council prior to the commencement of the 1985 Legislative Session.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 442.

Introduced by Pirsch, 10th District.

PURPOSE: In recent years the administration of criminal justice has become increasingly dominated by the process known as "plea bargaining."

This resolution should examine the factors which determine when plea bargaining will occur and how the prosecutor, defense attorney, and defendant arrive at particular deals. A major focus of this study should be to determine whether a ban on plea bargaining would have a measurable impact on criminal activity and whether the efficiency of the justice system is advanced by the use of plea bargaining.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study and to hold any public hearings necessary to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or the Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 443.

Introduced by Pirsch, 10th District.

PURPOSE: The purpose of this resolution is to examine the need for mandatory psychiatric insurance coverage in Nebraska.

This study should examine whether such legislation would increase the cost of insurance to Nebraska citizens, the financial impact on insurance companies, and the potential increase in the tax burden of the state. The experiences of other states which have mandated psychiatric benefits should be examined. Most importantly, is there a need among the citizens of Nebraska for Mandatory psychiatric benefits?

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Banking, Commerce and Insurance Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or the Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 444.

Introduced by Beutler, 28th District.

PURPOSE: Recognizing Nebraska's commitment to the education and general well-being of its residents and this nation's long standing commitment to the guarantee of open access to public libraries to all individuals, it is the purpose of this interim study to evaluate the problems of theft, mutilation, and damages of library materials and the various proposals relating to recovery of costs for such actions. In order to accomplish this purpose the following specific matters shall be examined:

(1) The nature and extent of materials and losses to public libraries throughout the state due to theft, mutilation, and damages and a review of current library security systems;

(2) The number of cases relating to unreturned or damaged library materials which are referred for civil prosecution and the number of such cases that resulted in the recovery of the materials or their value without litigation;

(3) The extent and need of any recovery for attorney's fees and costs in these types of cases if the locality wins the case;

(4) An examination of methods of providing full restitution for library materials of all types at current replacement costs;

(5) The need for prosecution of library theft, mutilation, or damages cases by county or city attorneys throughout Nebraska;

(6) Any other matter necessary for a thorough analysis of how Nebraska is addressing these concerns.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 445.

Introduced by Beutler, 28th District.

PURPOSE: The State of Nebraska has ground water supplies which are abundant and generally of high quality in comparison to national water quality levels. It is recognized that surface water quality is improving as point sources of pollution are brought under treatment programs. However, because of the inherent characteristics of ground water supplies, the protection of this vital resource is difficult to monitor.

There is a need to examine the nature, extent, and sources of ground water pollution in Nebraska. The purpose of this study is to investigate recognized sources of groundwater pollution, examine current practices which may be potentially damaging to ground water supplies in the future, and to assess the advisability of legislation which would ensure that the quality of the state's water supplies is maintained. This study shall include, but not be limited to, the following:

(1) The nature, extent, and causes of major ground water pollution in Nebraska;

(2) Proposals specifically relating to the nature, extent, and regulation of nitrate contamination and other chemicals endangering Nebraska's water supplies;

(3) The pollution of water supplies and other environmental dangers relating to spills or leakage from petroleum or chemical storage tanks;

(4)The nature and extent of concerns related to "insectigation" and "chemigation" and whether such irrigation practices should be regulated, and if so, recommendations on how this should be accomplished;

(5) The nature of the health hazard to humans, livestock, other animals, and plants from ground water pollution of the types aforementioned;

(6) Methods of stabilizing or reversing such types of pollution including available alternatives and their economic impact; and

(7) Any other relevant matters necessary for a comprehensive examination of this concern.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Agriculture and Environment Ccommittee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 446.

Introduced by Beutler, 28th District.

PURPOSE:

During the mid 1950's this country began releasing chronically mentally ill patients from state mental institutions to less restrictive environments in unprecedented numbers. This nationally mandated goal resulting from United States Supreme Court decisions to provide better treatment of the chronically mentally ill by release to less restrictive environments currently is being seriously reevaluated in light of the lack of community mental health centers, decreased time of stay in state institutions, and decreases in federal funding for care to such individuals. It is appropriate at this time that the State of Nebraska should clearly reaffirm its commitment to the chronically mentally ill. The purpose of this study should be to evaluate the treatment of the chronically mentally ill and others needing mental health care within Nebraska and make recommendations for legislation in necessary areas which would improve their care. In order to accomplish this purpose the following areas of concern should be addressed:

(1) Examination of the extent and nature of the care being given to the approximately one hundred fifty-six thousand Nebraskans estimated to be in need of mental health services;

(2) The extent to which the services offered by this state meet the needs of the chronically mentally ill and others in need of mental health care;

(3) The effects which decreased revenue sources for mental health services have had upon this state's chronically mentally ill and other persons in need of treatment;

(4) The roles and responsibilities of both the public and private sectors and various levels of government in providing mental health care to the chronically mentally ill and others needing treatment in this state;

(5) The costs to the state for the care of the chronically mentally ill and others in need of mental health care, and whether such costs can be reduced by alternative living or care arrangments other than those currently existing; and

(6) Any other matters necessary for a thorough analysis of how Nebraska currently is addressing the needs of the chronically mentally ill and others in need of mental health treatment and how Nebraska can better meet those needs in the future.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Public Health and Welfare Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the Public Health and Welfare Committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 447.

Introduced by Beutler, 28th District.

PURPOSE:

The purpose of this resolution is to reexamine the purpose of the Law Enforcement Improvement Fund. The fund was established in the early

1970's for the purpose of funding educational programs for law enforcement officers of the State of Nebraska. Since the implementation of the fund, the Nebraska county attorneys are now also required to receive continuing education annually, but their educational expenses are not covered by the Law Enforcement Improvement Fund. This study would examine including county attorneys as law enforcement officers for purposes of the Law Enforcement Improvement Fund. In order to accomplish its purpose the study shall include, but not be limited to, the following:

(1) Examination of methods of increased funding for the Law Enforcement Improvement Fund;

(2) Examination of other methods of funding continuing education for county attorneys; and

(3) Any other matters necessary for a complete analysis of this issue.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the Judiciary Committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 448.

Introduced by Beutler, 28th District.

PURPOSE: The purpose of this study is to examine the effectiveness and proper utilization of resources of the state's public defender system. There are currently two public defender systems established by statute. Section 29-1804 provides for the establishment of public defenders on a county by county basis. Section 29-1805.01 to 29-1805.11 creates the office of judicial district public defender, which to date has never been used.

Costs of the current public defender system and providing appointed counsel for criminal defendants have been rapidly escalating, placing a constantly increasing financial burden on the counties. Appointment of counsel poorly trained in criminal defense may lead to poor representation which may be grounds for appeals which are costly and may fail to protect the defendant's rights. The responsibilities of the public defender in protecting the rights of indigent criminal defendants and the increasing costs of legal representation mandate an efficient system of competent public defenders.

In order to accomplish its purpose the study shall include, but not be limited to, the following:

(1) Examination of possible use and application of the judicial district public defender;

(2) Examination of effectiveness of the county by county public defender system, including competence of representation and fiscal impact;

(3) Use of a state-supported public defender system;

(4) Public defender systems in other jurisidictions; and

(5) Any other matters necessary for a complete analysis of this issue.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the Judiciary Committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 449.

Introduced by Goodrich, 20th District.

WHEREAS, the State of Nebraska is interested in providing a fair and equitable tax system for its citizens and is further interested in promoting the economic well-being of the state and its citizens; and

WHEREAS, a number of studies of the Nebraska tax structure are being prepared including the creation of a Governor's tax study committee; and

WHEREAS, it is important that the Nebraska Legislature be informed in sufficient time to make decisions regarding any proposals affecting taxation.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study of taxation in Nebraska, including consideration regarding economic development.

2. That such committee shall monitor, assist, and coordinate its activities with any other study or studies being conducted regarding taxation.

3. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendation, to the

Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 450.

Introduced by Pirsch, 10th District.

PURPOSE: It is essential to the fair and impartial administration of justice that a victim of a criminal offense be afforded a reasonable opportunity to attend any trial or hearing by any court which pertains to such offense:

Nebraska law does not permit crime victims to address the court at the time of sentencing.

Crime victims are not exempt from the operation of Nebraska law requiring the separation or exclusion of witnesses from court in criminal trials or hearings;

The President's Task Force on Victims of Crime has called for a Constitutional amendment whereby crime victims would be given the same right of confrontation now guaranteed to the accused.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or the Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 452.

Introduced by Beutler, 28th District.

PURPOSE:

The purpose of this study is to examine the system of imposing death sentences in the State of Nebraska. Laws 1978, LB 711, and Laws 1973, LB 268, established certain legislative criteria concerning the imposition of death sentences. These criteria require consideration of mitigating and aggravating circumstances, comparison of cases involving same or similar circumstances, and forbid imposing a greater sentence than those imposed in the same or similar circumstances. Laws 1978, LB 711, also mandated a review of criminal homicide cases by the Supreme Court. This study would examine the application of these criteria in the imposition of sentence and its review on appeal. In order to accomplish its purpose this study shall include, but not be limited to, the following:

(1) Examination of the application of criteria required by law to be considered by a sentencing court in a criminal homicide case;

(2) Examination of review of these criteria in death sentence cases by the Supreme Court;

(3) Examination of review and analysis of criminal homicide data by the Supreme Court as required by Laws 1978, LB 711; and

(4) Any other matters necessary for a complete analysis of this issue.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

RESOLUTION

LEGISLATIVE RESOLUTION 455.

Introduced by DeCamp, 40th District.

PURPOSE: The time at which interest on legal debt other than a contract should accrue has been the focus of considerable legislative debate in recent years, and a majority of states now have some provision for prejudgment interest. The purpose of this interim study resolution is to examine the issue of prejudgment interest and the effect that passage of a law providing for interest before judgment would have with relation to the following: (1) potential decrease in the number of lawsuits being filed if prejudgment interest were a factor; (2) earlier settlements of lawsuits that have been filed; (3) desirability of awarding prejudgment interest on all legal actions; (4) the relationship between the concept of compensatory damages and prejudgment interest.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That a committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the Committee shall upon the conclusion of its study make a

report of its findings, together with its recommendations, to the Legislative Council or the Legislature.

Referred to the Executive Board.
